1. ORGANIZATION AND BASIS OF PRESENTATION

ORGANIZATION

Mack-Cali Realty Corporation, a Maryland corporation, together with its subsidiaries (collectively, the "Company"), is a fully-integrated, self-administered, self-managed real estate investment trust ("REIT") providing leasing, management, acquisition, development, construction and tenant-related services for its properties and third-parties. As of September 30, 2007, the Company owned or had interests in 302 properties plus developable land (collectively, the "Properties"). The Properties aggregate approximately 34.9 million square feet, which are comprised of 291 buildings, primarily office and office/flex buildings, totaling approximately 34.5 million square feet (which include 46 buildings, primarily office buildings, aggregating 5.7 million square feet owned by unconsolidated joint ventures in which the Company has investment interests), six industrial/warehouse buildings totaling approximately 387,400 square feet, two retail properties totaling approximately 17,300 square feet, a hotel (which is owned by an unconsolidated joint venture in which the Company has an investment interest) and two parcels of land leased to others. The Properties are located in seven states, primarily in the Northeast, plus the District of Columbia.

BASIS OF PRESENTATION

The accompanying consolidated financial statements include all accounts of the Company, its majority-owned and/or controlled subsidiaries, which consist principally of Mack-Cali Realty, L.P. (the "Operating Partnership") and variable interest entities for which the Company has determined itself to be the primary beneficiary, if any. See Note 2: Significant Accounting Policies – Investments in Unconsolidated Joint Ventures for the Company's treatment of unconsolidated joint venture interests. Intercompany accounts and transactions have been eliminated.

The preparation of financial statements in conformity with generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

2. SIGNIFICANT ACCOUNTING POLICIES

**Rental
Property**

Rental properties are stated at cost less accumulated depreciation and amortization. Costs directly related to the acquisition, development and construction of rental properties are capitalized. Capitalized development and construction costs include pre-construction costs essential to the development of the property, development and construction costs, interest, property taxes, insurance, salaries and other project costs incurred during the period of development. Included in total rental property is construction and development in-progress of \$125,773,000 and \$116,151,000 (including land of \$67,126,000 and \$63,136,000) as of September 30, 2007 and December 31, 2006, respectively. Ordinary repairs and maintenance are expensed as incurred; major replacements and betterments, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives. Fully-depreciated assets are removed from the accounts.

The Company considers a construction project as substantially completed and held available for occupancy upon the completion of tenant improvements, but no later than one year from cessation of major construction activity (as distinguished from activities such as routine maintenance and cleanup). If portions of a rental project are substantially completed and occupied by tenants, or held available for occupancy, and other portions have not yet reached that stage, the substantially completed portions are accounted for as a separate project. The Company allocates costs incurred between the portions under construction and the portions substantially completed and held available for occupancy, and capitalizes only those costs associated with the portion under construction.

Properties are depreciated using the straight-line method over the estimated useful lives of the assets. The estimated useful lives are as follows:

Leasehold interests	Remaining lease term
Buildings and improvements	5 to 40 years
Tenant improvements	The shorter of the term of the related lease or useful life
Furniture, fixtures and equipment	5 to 10 years

Upon acquisition of rental property, the Company estimates the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities, generally consisting of the fair value of (i) above and below market leases, (ii) in-place leases and (iii) tenant relationships. The Company allocates the purchase price to the assets acquired and liabilities assumed based on their relative fair values. In estimating the fair value of the tangible and intangible assets acquired, the Company considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Above-market and below-market lease values for acquired properties are recorded based on the present value, (using a discount rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed rate renewal options for below-market leases. The capitalized above-market lease values are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed rate renewal options of the respective leases.

Other intangible assets acquired include amounts for in-place lease values and tenant relationship values, which are based on management's evaluation of the specific characteristics of each tenant's lease and the Company's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in-place lease values include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Company's existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in-place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles are amortized to expense over the anticipated life of the relationships.

On a periodic basis, management assesses whether there are any indicators that the value of the Company's real estate properties held for use may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the property over the fair value of the property. The Company's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved. Management does not believe that the value of any of the Company's rental properties is impaired.

***Rental Property
Held for Sale and
Discontinued
Operations***

When assets are identified by management as held for sale, the Company discontinues depreciating the assets and estimates the sales price, net of selling costs, of such assets. If, in management's opinion, the estimated net sales price of the assets which have been identified as held for sale is less than the net book value of the assets, a valuation allowance is established. Properties identified as held for sale and/or sold are presented in discontinued operations for all periods presented. See Note 6: Discontinued Operations.

If circumstances arise that previously were considered unlikely and, as a result, the Company decides not to sell a property previously classified as held for sale, the property is reclassified as held and used. A property that is reclassified is measured and recorded individually at the lower of (a) its carrying amount before the property was classified as held for sale, adjusted for any depreciation (amortization) expense that would have been recognized had the property been continuously classified as held and used, or (b) the fair value at the date of the subsequent decision not to sell.

***Investments in
Unconsolidated
Joint Ventures***

The Company accounts for its investments in unconsolidated joint ventures for which Financial Accounting Standards Board ("FASB") Interpretation No. 46 (revised December 2003), Consolidation of Variable Interest Entities ("FIN 46") does not apply under the equity method of accounting as the Company exercises significant influence, but does not control these entities. These investments are recorded initially at cost, as Investments in Unconsolidated Joint Ventures, and subsequently adjusted for equity in earnings and cash contributions and distributions.

FIN 46 provides guidance on the identification of entities for which control is achieved through means other than voting rights ("variable interest entities" or "VIEs") and the determination of which business enterprise, if any, should consolidate the VIE (the "primary beneficiary"). Generally, FIN 46 applies when either (1) the equity investors (if any) lack one or more of the essential characteristics of a controlling financial interest, (2) the equity investment at risk is insufficient to finance that entity's activities without additional subordinated financial support or (3) the equity investors have voting rights that are not proportionate to their economic interests and the activities of the entity involve or are conducted on behalf of an investor with a disproportionately small voting interest.

On a periodic basis, management assesses whether there are any indicators that the value of the Company's investments in unconsolidated joint ventures may be impaired. An investment is impaired only if management's estimate of the value of the investment is less than the carrying value of the investment, and such decline in value is deemed to be other than temporary. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the investment over the value of the investment. Management does not believe that the value of any of the Company's investments in unconsolidated joint ventures is impaired. See Note 4: Investments in Unconsolidated Joint Ventures.

Cash and Cash**Equivalents**

All highly liquid investments with a maturity of three months or less when purchased are considered to be cash equivalents.

Marketable**Securities**

The Company classifies its marketable securities among three categories: held-to-maturity, trading and available-for-sale. Unrealized holding gains and losses relating to available-for-sale securities are excluded from earnings and reported as other comprehensive income (loss) in stockholders' equity until realized. A decline in the market value of any marketable security below cost that is deemed to be other than temporary results in a reduction in the carrying amount to fair value. Any impairment would be charged to earnings and a new cost basis for the security established.

The Company's marketable securities at September 30, 2007 carried a value of \$5.1 million and consisted of common equity securities which were all acquired during the third quarter 2007. The Company's marketable securities at September 30, 2007 are all classified as available-for-sale and are carried at fair value based on quoted market prices. The Company recorded an unrealized holding gain of \$227,000 as other comprehensive gain in the third quarter 2007.

**Deferred
Financing
Costs**

Costs incurred in obtaining financing are capitalized and amortized on a straight-line basis, which approximates the effective interest method, over the term of the related indebtedness. Amortization of such costs is included in interest expense and was \$680,000 and \$725,000 for the three months ended September 30, 2007 and 2006, respectively, and \$2,101,000 and \$2,171,000 for the nine months ended September 30, 2007 and 2006, respectively.

**Deferred
Leasing Costs**

Costs incurred in connection with leases are capitalized and amortized on a straight-line basis over the terms of the related leases and included in depreciation and amortization. Unamortized deferred leasing costs are charged to amortization expense upon early termination of the lease. Certain employees of the Company are compensated for providing leasing services to the Properties. The portion of such compensation, which is capitalized and amortized, approximated \$929,000 and \$908,000 for the three months ended September 30, 2007 and 2006, respectively, and \$2,993,000 and \$2,574,000 for the nine months ended September 30, 2007 and 2006, respectively.

**Derivative
Instruments**

The Company measures derivative instruments, including certain derivative instruments embedded in other contracts, at fair value and records them as an asset or liability, depending on the Company's rights or obligations under the applicable derivative contract. For derivatives designated and qualifying as fair value hedges, the changes in the fair value of both the derivative instrument and the hedged item are recorded in earnings. For derivatives designated as cash flow hedges, the effective portions of the derivative are reported in other comprehensive income ("OCI") and are subsequently reclassified into earnings when the hedged item affects earnings. Changes in fair value of derivative instruments not designated as hedging and ineffective portions of hedges are recognized in earnings in the affected period.

**Revenue
Recognition**

Base rental revenue is recognized on a straight-line basis over the terms of the respective leases. Unbilled rents receivable represents the amount by which straight-line rental revenue exceeds rents currently billed in accordance with the lease agreements. Above-market and below-market lease values for acquired properties are recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed-rate renewal options for below-market leases. The capitalized above-market lease values for acquired properties are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed-rate renewal options of the respective leases. Escalations and recoveries from tenants are received from tenants for certain costs as provided in the lease agreements. These costs generally include real estate taxes, utilities, insurance, common area maintenance and other recoverable costs. See Note 13: Tenant Leases. Construction services revenue includes fees earned and reimbursements received by the Company for providing construction management and general contractor services to clients. Construction services revenue is recognized on the percentage of completion method. Using this method, profits are recorded on the basis of estimates of the overall profit and percentage of completion of individual contracts. A portion of the estimated profits is accrued based upon estimates of the percentage of completion of the construction contract. This revenue recognition method involves inherent risks relating to profit and cost estimates. Real estate services revenue includes property management, facilities management, leasing commission fees and other services, and payroll and related costs reimbursed from clients. Other income includes income from parking spaces leased to tenants, income from tenants for additional services arranged for by the Company and income from tenants for early lease terminations.

***Allowance for
Doubtful
Accounts***

Management periodically performs a detailed review of amounts due from tenants and clients to determine if accounts receivable balances are impaired based on factors affecting the collectibility of those balances. Management's estimate of the allowance for doubtful accounts requires management to exercise significant judgment about the timing, frequency and severity of collection losses, which affects the allowance and net income.

***Income and
Other Taxes***

The Company has elected to be taxed as a REIT under Sections 856 through 860 of the Internal Revenue Code of 1986, as amended (the "Code"). As a REIT, the Company generally will not be subject to corporate federal income tax (including alternative minimum tax) on net income that it currently distributes to its shareholders, provided that the Company satisfies certain organizational and operational requirements including the requirement to distribute at least 90 percent of its REIT taxable income to its shareholders. The Company has elected to treat certain of its corporate subsidiaries as taxable REIT subsidiaries (each a "TRS"). In general, a TRS of the Company may perform additional services for tenants of the Company and generally may engage in any real estate or non-real estate related business (except for the operation or management of health care facilities or lodging facilities or the providing to any person, under a franchise, license or otherwise, rights to any brand name under which any lodging facility or health care facility is operated). A TRS is subject to corporate federal income tax. If the Company fails to qualify as a REIT in any taxable year, the Company will be subject to federal income tax (including any applicable alternative minimum tax) on its taxable income at regular corporate tax rates. The Company is subject to certain state and local taxes.

The Company adopted the provisions of FASB Interpretation No. 48 ("FIN 48"), Accounting for Uncertainty in Income Taxes, an interpretation of FASB Statement No. 109 ("FAS No. 109") on January 1, 2007. As a result of the implementation of FIN 48, the Company recognized no material adjustments regarding its tax accounting treatment. The Company expects to recognize interest and penalties related to uncertain tax positions, if any, as income tax expense, which is included in general and administrative expense.

**Earnings
Per Share**

The Company presents both basic and diluted earnings per share (“EPS”). Basic EPS excludes dilution and is computed by dividing net income available to common shareholders by the weighted average number of shares outstanding for the period. Diluted EPS reflects the potential dilution that could occur if securities or other contracts to issue common stock were exercised or converted into common stock, where such exercise or conversion would result in a lower EPS amount.

**Dividends and
Distributions
Payable**

The dividends and distributions payable at September 30, 2007 represents dividends payable to preferred shareholders (10,000 shares) and common shareholders (67,649,757 shares), and distributions payable to minority interest common unitholders of the Operating Partnership (15,246,628 common units) for all such holders of record as of October 3, 2007 with respect to the third quarter 2007. The third quarter 2007 preferred stock dividends of \$50.00 per share, common stock dividends and common unit distributions of \$0.64 per common share and unit were approved by the Board of Directors on September 12, 2007. The preferred stock dividends, common stock dividends and common unit distributions payable were paid on October 15, 2007.

The dividends and distributions payable at December 31, 2006 represents dividends payable to preferred shareholders (10,000 shares) and common shareholders (62,925,271 shares), and distributions payable to minority interest common unitholders of the Operating Partnership (15,342,283 common units) for all such holders of record as of January 4, 2007 with respect to the fourth quarter 2006. The fourth quarter 2006 preferred stock dividends of \$50.00 per share, common stock dividends and common unit distributions of \$0.64 per common share and unit were approved by the Board of Directors on December 5, 2006. The common stock dividends and common unit distributions payable were paid on January 12, 2007. The preferred stock dividends payable were paid on January 16, 2007.

Costs Incurred For

Stock Issuances Costs incurred in connection with the Company’s stock issuances are reflected as a reduction of additional paid-in capital.

**Stock
Compensation**

The Company accounts for stock options and restricted stock awards granted prior to 2002 using the intrinsic value method prescribed in Accounting Principles Board Opinion No. 25, “Accounting for Stock Issued to Employees,” and related Interpretations (“APB No. 25”). Under APB No. 25, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company’s stock at the date of grant over the exercise price of the option granted. Compensation cost for stock options is recognized ratably over the vesting period. The Company’s policy is to grant options with an exercise price equal to the quoted closing market price of the Company’s stock on the business day preceding the grant date. Accordingly, no compensation cost has been recognized under the Company’s stock option plans for the granting of stock options made prior to 2002. Restricted stock awards granted prior to 2002 are valued at the vesting dates of such awards with compensation cost for such awards recognized ratably over the vesting period.

In 2002, the Company adopted the provisions of FASB No. 123, and in 2006, the Company adopted the provisions of FASB No. 123(R), which did not have a material effect on the Company’s financial position and results of operations. These provisions require that the estimated fair value of restricted stock (“Restricted Stock Awards”) and stock options at the grant date be amortized ratably into expense over the appropriate vesting period. For the three months ended September 30, 2007 and 2006, the Company recorded restricted stock and stock options expense of \$907,000 and \$815,000, respectively, and \$2,711,000 and \$2,429,000 for the nine months ended September 30, 2007 and 2006, respectively.

Other**Comprehensive**

Income Other comprehensive income (loss) includes items that are recorded in equity, such as unrealized holding gains or losses on marketable securities available for sale. For the nine months ended September 30, 2007, other comprehensive income was \$227,000.

Reclassifications Certain reclassifications have been made to prior period amounts in order to conform with current period presentation.

Gale Earn-Out and Agreement

The agreement to acquire the Gale Company ("Gale Agreement"), which was completed as part of the Gale/Green transactions on May 9, 2006, contained earn-out provisions ("Earn-Out") providing for the payment of contingent purchase consideration of up to \$18 million in cash based upon the achievement of Gross Income and NOI (as such terms were defined in the Gale Agreement) targets and other events for the three years following the closing date.

On May 23, 2007, the Company entered into an amendment (the "Amendment") to the Gale Agreement. The Amendment eliminated the Earn-Out and substituted an aggregate of \$14 million in payments by the Company consisting of the following: (1) \$8 million, which was paid on May 31, 2007; (2) \$3 million on May 9, 2008; and (3) \$3 million on May 9, 2009.

In October 2007, the Company reached an agreement with Stanley C. Gale, the seller of the Gale Company, Mark Yeager, an executive officer of the Company, and certain affiliates of Messrs. Gale and Yeager, which are parties to certain non-portfolio interest joint ventures with the Company, to provide primarily for the following:

- (1) The Company agreed to satisfy the requirements for the \$3 million payment due on May 9, 2008 and the \$3 million payment due on May 9, 2009 as of October 31, 2007 by:
 - (a) paying \$4 million in cash; and
 - (b) transferring to an entity whose beneficial owners includes Messrs. Gale and Yeager a 49.8 percent interest in an entity that owns one of the non-portfolio interests in a development project located in Belmar, New Jersey, which it acquired in June 2006 pursuant to the Gale Agreement for \$1.6 million. On September 30, 2007, the Company wrote off \$2.1 million of costs related to this project, as it believes the project is no longer viable, which is included in general and administrative expense for the three and nine months ended September 30, 2007.
- (2) Under the Gale Agreement, the Company is obligated to acquire from an entity whose beneficial owners include Messrs. Gale and Yeager (the "Florham Entity"), a 50 percent interest in a venture which owns a developable land parcel in Florham Park, New Jersey (the "Florham Park Land") for a maximum purchase price of up to \$10.5 million, subject to reduction based on developable square feet approved and other conditions, with the completion of such acquisition subject to the Florham Entity obtaining final development permits and approvals and related conditions necessary to allow for office development expected to be 600,000 square feet. The Company has agreed to waive its contractual rights for reimbursement from the Florham Entity for certain costs incurred by the Company securing approvals for the development of the Florham Park Land and to defer collection of other costs. Such deferred other costs, including a carrying charge of six percent per annum, will be credited against the purchase price of the Florham Park Land at closing. In the event the acquisition of the Florham Park Land does not close by May 9, 2009, subject to certain conditions, the Florham Entity will be obligated to pay the deferred other costs and an additional \$1 million to the Company at that time.
- (3) The Company has agreed to settle a dispute and treat the right to receive certain commission payments in the approximate amount of \$2.3 million as an excluded asset under the Gale Agreement, which commissions may become payable in the event that Sanofi-Aventis exercises its option to cause the 55 Corporate venture (see Note 4: Investment in Unconsolidated Joint Ventures) to construct a building which Sanofi-Aventis would lease on a long-term basis, as well as the completion of certain related events. The Company has agreed to pay directly to an entity whose beneficial owners include Messrs. Gale and Yeager up to \$769,000 of these commissions when and if due. In the event that Sanofi-Aventis does not exercise its option and the 55 Corporate venture receives the \$7 million penalty, no amounts would be due to Messrs. Gale and Yeager or any of their affiliates.

4. INVESTMENTS IN UNCONSOLIDATED JOINT VENTURES

The debt of the Company's unconsolidated joint ventures aggregating \$607.8 million as of September 30, 2007 is non-recourse to the Company, except for customary exceptions pertaining to such matters as intentional misuse of funds, environmental conditions and material misrepresentations, and except as otherwise indicated below.

MEADOWLANDS XANADU

On November 25, 2003, the Company and affiliates of The Mills Corporation ("Mills") entered into a joint venture agreement ("Meadowlands Xanadu Venture Agreement") to form Meadowlands Mills/Mack-Cali Limited Partnership ("Meadowlands Venture") for the purpose of developing a \$1.3 billion family entertainment, recreation and retail complex with an office and hotel component to be built at the Meadowlands sports complex in East Rutherford, New Jersey ("Meadowlands Xanadu"). The First Amendment to the Meadowlands Xanadu Venture Agreement was entered into as of June 30, 2005. Meadowlands Xanadu's approximately 4.76 million-square-foot complex is expected to feature a family entertainment, recreation and retail destination comprising five themed zones: sports; entertainment; children's education; fashion; and food and home, in addition to four office buildings, aggregating approximately 1.8 million square feet, and a 520-room hotel.

The Company and Mills owned a 20 percent and 80 percent interest, respectively, in the Meadowlands Venture. The Meadowlands Xanadu Venture Agreement required the Company to make an equity contribution up to a maximum of \$32.5 million, which it fulfilled in April 2005.

Mills was to develop, lease and operate the entertainment phase of the Meadowlands Xanadu project ("ERC"). Upon the Company's exercise of its rights under the Meadowlands Xanadu Venture Agreement to develop the office and hotel phases, the Meadowlands Venture was to convey ownership of the component ventures to the Company and Mills or its affiliate, and the Company or its affiliate was to own an 80 percent interest and Mills or its affiliate was to own a 20 percent interest in such component ventures.

On August 21, 2006, Mills announced that it had signed a non-binding letter of intent with Colony Capital Acquisitions, LLC ("Colony") and Kan Am USA Management XXII Limited Partnership ("Kan Am") under which Colony would arrange for construction financing for Meadowlands Xanadu and make a significant equity infusion into the Meadowlands Venture, and Mills would not have any financial obligations post closing ("Colony Transaction"). Kan Am had been a partner with Mills in the Meadowlands Venture since the formation of the venture.

On November 22, 2006, the Company entered into and consummated a Redemption Agreement (the "Redemption Agreement") with the Meadowlands Venture, Meadowlands Developer Holding Corp., a limited partner in the Meadowlands Venture, and the Meadowlands Limited Partnership (f/k/a Meadowlands/Mills Limited Partnership, and hereafter "MLP"), a general partner and a limited partner in the Meadowlands Venture. Immediately prior to entering into the Redemption Agreement, the investors in MLP undertook a restructuring of MLP whereby Colony became an indirect owner of MLP.

In connection with the Colony Transaction and pursuant to the Redemption Agreement, the Meadowlands Venture redeemed (the "Redemption") the Company's entire interest in the Meadowlands Venture and its right to participate in the development of the ERC component in exchange for (i) \$22.5 million in cash and (ii) a non-economic partner interest in each of the office and hotel components of Meadowlands Xanadu. In connection with the Redemption, the Operating Partnership also received a non-interest bearing promissory note for an additional \$2.5 million, which note is payable in full by MLP only at such time as the Operating Partnership exercises one of its options to develop the first of the office and hotel components of Meadowlands Xanadu. The Company's remaining investment of approximately \$11.9 million is included in deferred charges and other assets, net, as of September 30, 2007 and December 31, 2006.

Concurrent with the execution of the Redemption Agreement, the Company also entered into the Mack-Cali Rights, Obligations and Option Agreement (the "Rights Agreement") by and among the Meadowlands Venture, MLP, Meadowlands Mack-Cali GP, L.L.C., Mack-Cali, Baseball Meadowlands Limited Partnership, A-B Office Meadowlands Mack-Cali Limited Partnership, C-D Office Meadowlands Limited Partnership, Hotel Meadowlands Mack-Cali Limited Partnership and ERC Meadowlands Mills/Mack-Cali Limited Partnership. Pursuant to the Rights Agreement, the Operating Partnership retained certain rights and obligations it held under the Meadowlands Xanadu Venture Agreement with respect to the development of the office and hotel components of Meadowlands Xanadu, including an option to develop any of the office or hotel components of Meadowlands Xanadu (each, a "Take Down Option"). Upon the exercise of an initial Take Down Option, the Operating Partnership will receive economic interests in each of the office or hotel component partnerships as both a general partner and a limited partner in the applicable office or hotel component, and following receipt of \$2.5 million in full payment of the note from MLP, the Operating Partnership's ownership interest in each of the office or hotel component partnerships will be reduced from 80 percent (as provided in the Meadowlands Xanadu Venture Agreement) to 75 percent.

MACK-GREEN-GALE LLC

On May 9, 2006, as part of the Gale/Green transactions completed in May 2006, the Company entered into a joint venture, Mack-Green-Gale LLC (“Mack-Green”), with SL Green, pursuant to which Mack-Green holds a 96 percent interest in and acts as general partner of Gale SLG NJ Operating Partnership, L.P. (the “OP LP”). The Company’s acquisition cost for its interest in Mack-Green was approximately \$125 million, which was funded primarily through borrowing under the Company’s revolving credit facility. The OP LP owns 100 percent of entities which own 25 office properties (the “OP LP Properties”) which aggregate 3.5 million square feet (consisting of 17 office properties aggregating 2.3 million square feet located in New Jersey and eight properties aggregating 1.2 million square feet located in Troy, Michigan), as well as a minor, non-controlling interest in four office properties aggregating 419,000 square feet located in Naperville, Illinois, which was subsequently sold. In September, 2007, the OP LP entered into a contract to sell all of its eight properties located in Troy, Michigan for \$86.1 million subject to due diligence and other conditions.

As defined in the Mack-Green operating agreement, the Company shares decision-making equally with SL Green regarding: (i) all major decisions involving the operations of Mack-Green; and (ii) overall general partner responsibilities in operating the OP LP.

The Mack-Green operating agreement generally provides for profits and losses to be allocated as follows:

- (i) 99 percent of Mack-Green’s share of the profits and losses from 10 specific OP LP Properties allocable to the Company and one percent allocable to SL Green;
- (ii) one percent of Mack-Green’s share of the profits and losses from eight specific OP LP Properties and its minor interest in four office properties allocable to the Company and 99 percent allocable to SL Green; and
- (iii) 50 percent of all other profits and losses allocable to the Company and 50 percent allocable to SL Green.

Substantially all of the OP LP Properties are encumbered by mortgage loans with an aggregate outstanding principal balance of \$361 million at September 30, 2007. \$188.5 million of the mortgage loans bear interest at a weighted average fixed interest rate of 6.32 percent per annum and mature at various times through May 2016. \$172.5 million of the mortgage loans bear interest at a floating rate ranging from LIBOR plus 185 basis points to LIBOR plus 400 basis points per annum and mature at various times through January 2009. Included in the floating rate mortgage loans are \$90.3 million provided by an affiliate of SL Green.

On August 9, 2006, \$69.7 million of mortgage loans were refinanced. The new loan has a maximum principal amount of \$90 million with \$78.9 million drawn at September 30, 2007. The loan provides the ability to draw funds for qualified leasing and capital improvement costs. The loan bears interest at a rate of LIBOR plus 185 basis points and matures on August 8, 2008 with a two-year extension option.

The Company performs management, leasing, and construction services for the properties owned by the joint venture and recognized \$1.5 million and \$900,000 in income (net of \$100,000 and \$310,000 in direct costs) for such services in the three months ended September 30, 2007, and 2006, respectively, and \$2.7 million and \$1.7 million in income (net of \$896,000 and \$737,000 in direct costs) for such services in the nine months ended September 30, 2007 and 2006, respectively.

GE/GALE FUNDING LLC (PFV)

The Gale agreement signed as part of the Gale/Green transactions in May 2006 provides for the Company to acquire certain ownership interests in real estate projects (the "Non-Portfolio Properties"), subject to obtaining certain third party consents and the satisfaction of various project-related and/or other conditions. Each of the Company's acquired interests in the Non-Portfolio Properties provide for the initial distributions of net cash flow solely to the Company, and thereafter an affiliate of Mr. Gale ("Gale Affiliate") has participation rights ("Gale Participation Rights") in 50 percent of the excess net cash flow remaining after the distribution to the Company of the aggregate amount equal to the sum of: (a) the Company's capital contributions, plus (b) an internal rate of return ("IRR") of 10 percent per annum, accruing on the date or dates of the Company's investments.

On May 9, 2006, as part of the Gale/Green transactions, the Company acquired from a Gale Affiliate for \$1.8 million a 50 percent controlling interest in GMW Village Associates, LLC ("GMW Village"). GMW Village holds a 20 percent interest in GE/Gale Funding LLC ("GE Gale"). GE Gale owns a 100 percent interest in the entity owning Princeton Forrester Village, a mixed-use, office/retail complex aggregating 527,015 square feet and located in Plainsboro, New Jersey ("Princeton Forrester Village" or "PFV").

In addition to the cash consideration paid to acquire the interest, the Company provided a Gale affiliate with the Gale Participation Rights.

The operating agreement of GE Gale, which is owned 80 percent by GEBAM, Inc., provides for, among other things, distributions of net cash flow, initially, in proportion to each member's interest and subject to adjustment upon achievement of certain financial goals, as defined in the operating agreement.

GE Gale has a mortgage loan with a balance of \$52.8 million at September 30, 2007. The loan bears interest at a rate of LIBOR plus 275 basis points and matures on January 9, 2009, with an extension option through January 9, 2011.

On June 1, 2006, the Route 93 Venture was formed between the Route 93 Participant, a majority-owned subsidiary of the Company, having a 30 percent interest and the Commingled Pension Trust Fund (Special Situation Property) of JPMorgan Chase Bank having a 70 percent interest, for the purpose of acquiring seven office buildings, aggregating 666,697 square feet, located in the towns of Andover, Bedford and Billerica, Massachusetts. Profits and losses are shared by the partners in proportion to their respective interests until the investment yields an 11 percent IRR, then sharing will shift to 40/60, and when the IRR reaches 15 percent, then sharing will shift to 50/50.

The Route 93 Participant is a joint venture between the Company and a Gale affiliate. Profits and losses are shared by the partners under this venture in proportion to their respective interests (83.3/16.7) until the investment yields an 11 percent IRR, then sharing will shift to 50/50.

The Route 93 Ventures have mortgage loans with an amount not to exceed \$58.6 million, with a \$42.5 million balance at September 30, 2007 collateralized by its office properties. The loan provides the venture the ability to draw additional monies for qualified leasing and capital improvement costs. - (i) first, to JPM, such that JPM is provided with an annual 12 percent compound preferred return on Preferred Equity Capital Contributions (as such term is defined in the operating agreement of 100 Kimball and largely comprised of development and construction costs);
- (ii) second, to JPM, as return of Preferred Equity Capital Contributions until complete repayment of such Preferred Equity Capital Contributions;
- (iii) third, to each of JPM and Gale Kimball in proportion to their respective membership interests until each member is provided, as a result of such distributions, with an annual twelve percent compound return on the Member’s Capital Contributions (as defined in the operating agreement of 100 Kimball, and excluding Preferred Equity Capital Contributions, if any); and
- (iv) fourth, 50 percent to each of JPM and Gale Kimball.

Sanofi-Aventis, which occupies neighboring buildings, has an option to cause the venture to construct the building, which it would lease on a long-term basis. Sanofi-Aventis is required to pay a penalty of \$7 million, subject to certain conditions, in the event it fails to exercise the option by November 21, 2007. The remaining 50 percent in SLG 55 is owned by SLG Gale 55 Corporate LLC, an affiliate of SL Green Realty Corp (“SLG Gale 55”).

The operating agreement of 55 Corporate provides, among other things, for the Gale Participation Rights (of which Mr. Yeager has a direct 26 percent interest). The operating agreement of SLG 55 provides, among other things, for the distribution of the available net cash flow to each of 55 Corporate and SLG Gale 55 in proportion to their respective membership interests in SLG 55 (50 percent each).

12 VREELAND ASSOCIATES, L.L.C.

On September 8, 2006, the Company entered into a joint venture with a Gale Affiliate to form M-C Vreeland, LLC (“M-C Vreeland”). On October 20, 2006, the Company formed a joint venture (the “MC/Gale JV LLC”) with Gale International/426 Washington St. LLC (“Gale/426”), which, in turn, entered into a joint venture (the “Vornado JV LLC”) with VNO 426 Washington Street JV LLC (“Vornado”), an affiliate of Vornado Realty LP, which was formed to acquire and redevelop the Filenes property located in the Downtown Crossing district of Boston, Massachusetts (the “Filenes Property”).

On January 25, 2007, (i) each of M-C/Gale JV LLC, Gale and Washington Street Realty Member LLC (“JPM”) formed a joint venture (“JPM JV LLC”), (ii) M-C/Gale JV LLC assigned its entire 50 percent ownership interest in the Vornado JV LLC to JPM JV LLC, (iii) the Limited Liability Company Agreement of Vornado JV LLC was amended to reflect, among other things, the change in the ownership structure described in subsection (ii) above, and (iv) the Limited Liability Company Agreement of MC/Gale JV LLC was amended and restated to reflect, among other things, the change in the ownership structure described in subsection (ii) above. The Vornado JV LLC acquired the Filenes Property on January 29, 2007, for approximately \$100 million.

As a result of the foregoing transactions, as of January 29, 2007, (i) the Filenes Property is owned by Vornado JV LLC, (ii) Vornado JV LLC is owned 50 percent by each of Vornado and JPM JV LLC, (iii) JPM JV LLC is owned 30 percent by M-C/Gale JV LLC, 70 percent by JPM and managed by Gale/426, which has no ownership interest in JPM JV LLC, and (iv) M-C/Gale JV LLC is owned 99.99 percent by the Company and 0.01 percent by Gale/426. Thus, the Company holds approximately a 15 percent indirect ownership interest in the Vornado JV LLC and the Filenes Property.

Distributions are made (i) by Vornado JV LLC in proportion to its members' respective ownership interests, (ii) by JPM JV LLC (a) initially, in proportion to its members' respective ownership interests until JPM's investment yields an 11 percent IRR, (b) thereafter, 60/40 to JPM and MC/Gale JV LLC, respectively, until JPM's investment yields a 15 percent IRR and (c) thereafter, 50/50 to JPM and MC/Gale JV LLC, respectively, and (iii) by MC/Gale JV LLC (w) initially, in proportion to its members' respective ownership interests until each member has received a 10 percent IRR on its investment, (x) thereafter, 65/35 to the Company and Gale/426, respectively, until the Company's investment yields a 15 percent IRR, (y) if by the time the Company receives a 15 percent IRR on its investment, Gale/426 has not done so, 100 percent to Gale/426 until Gale/426's investment yields a 15 percent IRR, and (z) thereafter, 50/50 to each of the Company and Gale/426.

The joint venture's current plans for the development of the Filenes Property include approximately 1.2 million square feet consisting of office, retail, condominium apartments, hotel and a garage. The project is subject to governmental approvals.

One Jefferson is owned 25 percent by Gale Jefferson and 75 percent by One Jefferson Road Realty Member LLC, an affiliate of JPMorgan ("JPM"). 8. UNSECURED REVOLVING CREDIT FACILITY

On June 22, 2007, the Company extended and modified its unsecured credit facility with a group of 23 Lenders. Amongst other modifications, the facility was extended for an additional two years and matures in June 2011, with an extension option of one year, which would require a payment of 15 basis points of the then borrowing capacity of the facility upon exercise. In addition, the interest rate on outstanding borrowings (not electing the Company's competitive bid feature) was reduced by 10 basis points to LIBOR plus 55 basis points at the BBB/Baa2 pricing level. The interest rate on outstanding borrowings (not electing the Company's competitive bid feature) under the unsecured facility is currently LIBOR plus 55 basis points.

On September 21, 2007, the Company exercised an option to expand the borrowing capacity under its unsecured credit facility from \$600 million to \$775 million (further expandable to \$800 million).

The facility has a competitive bid feature, which allows the Company to solicit bids from lenders under the facility to borrow up to \$300 million at interest rates less than the current LIBOR plus 55 basis point spread. The Company may also elect an interest rate representing the higher of the lender's prime rate or the Federal Funds rate plus 50 basis points. The unsecured facility also requires a 15 basis point facility fee on the current borrowing capacity payable quarterly in arrears.

The interest rate and the facility fee are subject to adjustment, on a sliding scale, based upon the operating partnership's unsecured debt ratings. In the event of a change in the Operating Partnership's unsecured debt rating, the interest and facility fee rates will be adjusted in accordance with the following table:

Operating Partnership's Unsecured Debt Ratings: S&P Moody's/Fitch (a)	Interest Rate – Applicable Basis Points Above LIBOR	Facility Fee Basis Points
No ratings or less than BBB-/Baa3/BBB-	100.0	25.0
BBB-/Baa3/BBB-	75.0	20.0
BBB/Baa2/BBB (current)	55.0	15.0
BBB+/Baa1/BBB+	42.5	15.0
A-/A3/A- or higher	37.5	12.5

(a) If the Operating Partnership has debt ratings from two rating agencies, one of which is Standard & Poor's Rating Services ("S&P") or Moody's Investors Service ("Moody's"), the rates per the above table shall be based on the lower of such ratings. If the Operating Partnership has debt ratings from three rating agencies, one of which is S&P or Moody's, the rates per the above table shall be based on the lower of the two highest ratings. If the Operating Partnership has debt ratings from only one agency, it will be considered to have no rating or less than BBB-/Baa3/BBB- per the above table.

The terms of the unsecured facility include certain restrictions and covenants which limit, among other things, the payment of dividends (as discussed below), the incurrence of additional indebtedness, the incurrence of liens and the disposition of real estate properties (to the extent that: (i) such property dispositions cause the Company to default on any of the financial ratios of the facility described below, or (ii) the property dispositions are completed while the Company is under an event of default under the facility, unless, under certain circumstances, such disposition is being carried out to cure such default), and which require compliance with financial ratios relating to the maximum leverage ratio, the maximum amount of secured indebtedness, the minimum amount of tangible net worth, the minimum amount of fixed charge coverage, the maximum amount of unsecured indebtedness, the minimum amount of unencumbered property interest coverage and certain investment limitations. The dividend restriction referred to above provides that, if an event of default has occurred and is continuing, the Company will not make any excess distributions with respect to common stock or other common equity interests except to enable the Company to continue to qualify as a REIT under the Code.

The lending group for the credit facility consists of: JPMorgan Chase Bank, N.A., as administrative agent (the "Agent"); Bank of America, N.A., as syndication agent; Scotiabanc, Inc., Wachovia Bank, National Association, and Wells Fargo Bank, National Association, as documentation agents; SunTrust Bank, as senior managing agent; US Bank National Association, Citicorp North America, Inc. and PNC Bank, National Association, as managing agents; and Bank of China, New York Branch, The Bank of New York; Chevy Chase Bank, F.S.B., The Royal Bank of Scotland PLC, Mizuho Corporate Bank, Ltd., The Bank of Tokyo-Mitsubishi UFJ, Ltd. (Successor by merger to UFJ Bank Limited), North Fork Bank, Bank Hapoalim B.M., Comerica Bank, Chang Hwa Commercial Bank, Ltd., New York Branch, First Commercial Bank, New York Agency, Mega International Commercial Bank Co. Ltd., New York Branch, Deutsche Bank Trust Company Americas and Hua Nan Commercial Bank, New York Agency, as participants.

10. MINORITY INTERESTS

OPERATING PARTNERSHIP

Minority interests in the accompanying consolidated financial statements relate to (i) preferred units ("Preferred Units") and common units in the Operating Partnership, held by parties other than the Company, and (ii) interests in consolidated joint ventures for the portion of such properties not owned by the Company.

PREFERRED UNITS

In connection with the Company's issuance of \$25 million of Series C cumulative redeemable perpetual preferred stock, the Company acquired from the Operating Partnership \$25 million of Series C Preferred Units (the "Series C Preferred Units"), which have terms essentially identical to the Series C preferred stock. See Note 14: Stockholders' Equity - Preferred Stock.

COMMON UNITS

Certain individuals and entities own common units in the Operating Partnership. A common unit and a share of common stock of the Company have substantially the same economic characteristics in as much as they effectively share equally in the net income or loss of the Operating Partnership. Common units are redeemable by the common unitholders at their option, subject to certain restrictions, on the basis of one common unit for either one share of common stock or cash equal to the fair market value of a share at the time of the redemption. The Company has the option to deliver shares of common stock in exchange for all or any portion of the cash requested. The common unitholders may not put the units for cash to the Company or the Operating Partnership. When a unitholder redeems a common unit, minority interest in the Operating Partnership is reduced and the Company's investment in the Operating Partnership is increased.

On May 25, 2007, in connection with the acquisition of various land parcels adjacent to its Capital Office Park complex in Greenbelt, Maryland, the Company issued 114,911 common units in the Operating Partnership, valued at approximately \$5.2 million.

UNIT TRANSACTIONS

The following table sets forth the changes in minority interest which relate to the common units in the Operating Partnership for the nine months ended September 30, 2007 (*dollars in thousands*):

	Common Units	Common Unitholders
Balance at January 1, 2007	15,342,283	\$480,103

Redemption of common units for shares of Common Stock	(210,566)	(6,566)
Balance at September 30, 2007	15,246,628	\$470,516

MINORITY INTEREST OWNERSHIP

As of September 30, 2007 and December 31, 2006, the minority interest common unitholders owned 18.4 percent and 19.6 percent of the Operating Partnership, respectively.

CONSOLIDATED JOINT VENTURES

The Company has ownership interests in certain joint ventures which it consolidates. Various entities and/or individuals hold minority interests in these ventures.

11. EMPLOYEE BENEFIT 401(k) PLANS

Employees of the Company, other than those assigned to the Gale Company and affiliated employers, who meet certain minimum age and period of service requirements are eligible to participate in a 401(k) defined contribution plan (the "401(k) Plan"). The 401(k) Plan allows eligible employees to defer from 1 to 30 percent of their annual compensation, subject to certain limitations imposed by federal law. The amounts contributed by employees are immediately vested and non-forfeitable. The Company, at management's discretion, may match employee contributions and/or make discretionary contributions. Total expense recognized by the Company for the 401(k) Plan for the three months ended September 30, 2007 and 2006 was \$100,000 and \$100,000, respectively, and for the nine months ended September 30, 2007 and 2006 was \$300,000 and \$300,000, respectively.

All employees of the Gale Company and other affiliated participating employers, other than certain employees who were represented for collective bargaining purposes by a labor organization, who met certain minimum age and period of service requirements were eligible to participate in a 401(k) defined contribution plan (the "Gale Plan"). The Gale Plan allowed eligible employees to defer from their annual compensation, the maximum amount permitted under federal law. The amounts contributed by employees were immediately vested and non-forfeitable. The Gale Company or the participant's employer matched the employee's deferral at the rate of 50 percent on the first six percent of the employee's annual compensation for employees who had at least 1,000 hours of service and are employed on the last day of the plan year. In addition, the Company, at management's discretion, could make discretionary contributions. Participants became 50 percent vested in employer contributions after two years of service and became 100 percent vested after three years of service. Total expense recognized by the Company for the Gale Plan for the three and nine months ended September 30, 2007 was \$0 and \$111,000, respectively. Total expense recognized by the Company after the completion of the Gale/Green Transactions for the three and nine months ended September 30, 2006 was \$146,000 and \$242,000, respectively.

Effective April 1, 2007, the Gale Plan was merged into the 401(k) Plan. In accordance with the Gale/Green transactions, the Company continued to make matching contributions to former Gale Plan participants under the Gale Plan matching contribution formula through the payroll period ending May 4, 2007. Moreover, federal law requires the Company to preserve (i) the Gale Plan vesting schedule for certain Gale Plan participants with three or more years of service as of May 4, 2007 and (ii) certain benefits previously offered under the Gale Plan.

12. COMMITMENTS AND CONTINGENCIES

The PILOT totaled \$798,000 and \$798,000 for the three months ended September 30, 2007 and 2006, respectively, and \$2.3 million and \$2.3 million for the nine months ended September 30, 2007 and 2006, respectively.

The Harborside Plaza 4-A agreement, which commenced in 2000, is for a term of 20 years. The PILOT is equal to two percent of Total Project costs, as defined, and increases by 10 percent in years 7, 10 and 13 and by 50 percent in year 16. Total Project costs, as defined, are \$45.5 million. The PILOT totaled \$250,000 and \$227,000 for the three months ended September 30, 2007 and 2006, respectively, and \$750,000 and \$682,000 for the nine months ended September 30, 2007 and 2006, respectively.

At the conclusion of the above-referenced PILOT agreements, it is expected that the properties will be assessed by the municipality and be subject to real estate taxes at the then prevailing rates.

LITIGATION

The Company is a defendant in litigation arising in the normal course of its business activities. Management does not believe that the ultimate resolution of these matters will have a materially adverse effect upon the Company's financial condition taken as whole.

GROUND LEASE AGREEMENTS

Future minimum rental payments under the terms of all non-cancelable ground leases under which the Company is the lessee, as of September 30, 2007, are as follows (*dollars in thousands*):

2009	501
2010	501

OTHER

The Company may not dispose of or distribute certain of its properties, currently comprising 46 properties with an aggregate net book value of approximately \$1.2 billion, which were originally contributed by members of either the Mack Group (which includes William L. Mack, Chairman of the Company's Board of Directors; David S. Mack, director; Earle I. Mack, a former director; and Mitchell E. Hersh, president, chief executive officer and director), the Robert Martin Group (which includes Martin S. Berger, director; Robert F. Weinberg, a former director; and Timothy M. Jones, former president), the Cali Group (which includes John R. Cali, director, and John J. Cali, a former director) or certain other common unitholders without the express written consent of a representative of the Mack Group, the Robert Martin Group, the Cali Group or the specific certain other common unitholders, as applicable, except in a manner which does not result in recognition of any built-in-gain (which may result in an income tax liability) or which reimburses the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other common unitholders for the tax consequences of the recognition of such built-in-gains (collectively, the "Property Lock-Ups"). The aforementioned restrictions do not apply in the event that the Company sells all of its properties or in connection with a sale transaction which the Company's Board of Directors determines is reasonably necessary to satisfy a material monetary default on any unsecured debt, judgment or liability of the Company or to cure any material monetary default on any mortgage secured by a property. The Property Lock-Ups expire periodically through 2016. Upon the expiration of the Property Lock-Ups, the Company is generally required to use commercially reasonable efforts to prevent any sale, transfer or other disposition of the subject properties from resulting in the recognition of built-in gain to the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other common unitholders. 91 of the Company's properties, with an aggregate net book value of approximately \$891.6 million, have lapsed restrictions and are subject to these conditions.

13. TENANT LEASES

The Properties are leased to tenants under operating leases with various expiration dates through 2026. Substantially all of the leases provide for annual base rents plus recoveries and escalation charges based upon the tenant's proportionate share of and/or increases in real estate taxes and certain operating costs, as defined, and the pass-through of charges for electrical usage.

Future minimum rentals to be received under non-cancelable operating leases at September 30, 2007 are as follows (*dollars in thousands*):

14. STOCKHOLDERS' EQUITY

To maintain its qualification as a REIT, not more than 50 percent in value of the outstanding shares of the Company may be owned, directly or indirectly, by five or fewer individuals at any time during the last half of any taxable year of the Company, other than its initial taxable year (defined to include certain entities), applying certain constructive ownership rules. To help ensure that the Company will not fail this test, the Company's Articles of Incorporation provide for, among other things, certain restrictions on the transfer of common stock to prevent further concentration of stock ownership. Moreover, to evidence compliance with these requirements, the Company must maintain records that disclose the actual ownership of its outstanding common stock and demands written statements each year from the holders of record of designated percentages of its common stock requesting the disclosure of the beneficial owners of such common stock.

COMMON STOCK

On February 7, 2007, the Company completed an underwritten offer and sale of 4,650,000 shares of its common stock and used the net proceeds, which totaled approximately \$252 million (after offering costs), primarily to pay down its outstanding borrowings under the Company's revolving credit facility and for general corporate purposes.

PREFERRED STOCK

The Company has 10,000 shares of eight-percent Series C cumulative redeemable perpetual preferred stock issued and outstanding ("Series C Preferred Stock") in the form of 1,000,000 depositary shares (\$25 stated value per depositary share). Each depositary share represents 1/100th of a share of Series C Preferred Stock.

The Series C Preferred Stock has preference rights with respect to liquidation and distributions over the common stock. Holders of the Series C Preferred Stock, except under certain limited conditions, will not be entitled to vote on any matters. In the event of a cumulative arrearage equal to six quarterly dividends, holders of the Series C Preferred Stock will have the right to elect two additional members to serve on the Company's Board of Directors until dividends have been paid in full. At September 30, 2007, there were no dividends in arrears. The Company may issue unlimited additional preferred stock ranking on a parity with the Series C Preferred Stock but may not issue any preferred stock senior to the Series C Preferred Stock without the consent of two-thirds of its holders. The Series C Preferred Stock is essentially on an equivalent basis in priority with the Preferred Units.

Except under certain conditions relating to the Company's qualification as a REIT, the Series C Preferred Stock is not redeemable prior to March 14, 2008. On and after such date, the Series C Preferred Stock will be redeemable at the option of the Company, in whole or in part, at \$25 per depositary share, plus accrued and unpaid dividends.

SHARE REPURCHASE PROGRAM

On September 12, 2007, the Board of Directors authorized an increase to the Company's repurchase program under which the Company was permitted to purchase up to \$150 million of the Company's outstanding common stock ("Repurchase Program"). During the third quarter 2007, the Company purchased and retired 283,700 shares of its outstanding common stock for an aggregate cost of approximately \$11.2 million. The Company has a remaining authorization to repurchase up to an additional \$138.8 million of its outstanding common stock, which it may repurchase from time to time in open market transactions at prevailing prices or through privately negotiated transactions.

STOCK OPTION PLANS

In May 2004, the Company established the 2004 Incentive Stock Plan under which a total of 2,500,000 shares have been reserved for issuance. No options have been granted through September 30, 2007 under this plan. In September 2000, the Company established the 2000 Employee Stock Option Plan ("2000 Employee Plan") and the Amended and Restated 2000 Director Stock Option Plan ("2000 Director Plan"). In May 2002, shareholders of the Company approved amendments to both plans to increase the total shares reserved for issuance under both of the 2000 plans from 2,700,000 to 4,350,000 shares of the Company's common stock (from 2,500,000 to 4,000,000 shares under the 2000 Employee Plan and from 200,000 to 350,000 shares under the 2000 Director Plan). In 1994, and as subsequently amended, the Company established the Mack-Cali Employee Stock Option Plan ("Employee Plan") and the Mack-Cali Director Stock Option Plan ("Director Plan") under which a total of 5,380,188 shares (subject to adjustment) of the Company's common stock had been reserved for issuance (4,980,188 shares under the Employee Plan and 400,000 shares under the Director Plan). As the Employee Plan and Director Plan expired in 2004, stock options may no longer be issued under those plans. Stock options granted under the Employee Plan in 1994 and 1995 became exercisable over a three-year period. Stock options granted under the 2000 Employee Plan and those options granted subsequent to 1995 under the Employee Plan become exercisable over a five-year period. All stock options granted under both the 2000 Director Plan and Director Plan become exercisable in one year. All options were granted at the fair market value at the dates of grant and have terms of ten years. As of September 30, 2007 and December 31, 2006, the stock options outstanding had a weighted average remaining contractual life of approximately 4.1 and 4.7 years, respectively. Stock options exercisable at September 30, 2007 and December 31, 2006 had a weighted average remaining contractual life of approximately 3.7 and 4.5 years, respectively.

STOCK COMPENSATION

The Company has granted stock awards ("Restricted Stock Awards") to officers, certain other employees, and non-employee members of the Board of Directors of the Company, which allow the holders to each receive a certain amount of shares of the Company's common stock generally over a one to five-year vesting period and generally based on time and service, of which 153,211 shares were outstanding at September 30, 2007. Of the outstanding restricted shares issued to executive officers and senior management, 46,873 are contingent upon the Company meeting certain performance and/or stock price appreciation objectives. All Restricted Stock Awards provided to the officers and certain other employees were granted under the 2000 Employee Plan and the Employee Plan. Restricted Stock Awards granted to directors were granted under the 2000 Director Plan.

On September 12, 2007, the Board of Directors of the Company approved the recommendations and ratified the determinations of the Executive Compensation and Option Committee of the Board of Directors (the "Committee") with respect to new Restricted Stock Awards totaling 230,586 shares for its executive officers.

The Restricted Stock Awards to be issued may vest commencing January 1, 2009, with the number of Restricted Stock Awards scheduled to be vested and earned on each vesting date on an annual basis over a five to seven year vesting schedule, with each annual vesting of each tranche of Restricted Stock Awards is subject to the attainment of annual performance goals to be set by the Committee for each year. In connection with the authorization of the Restricted Stock Awards, the Company also authorized the entering into of tax gross-up agreements with each of the executive officers.

DEFERRED STOCK COMPENSATION PLAN FOR DIRECTORS

The Deferred Compensation Plan for Directors, which commenced January 1, 1999, allows non-employee directors of the Company to elect to defer up to 100 percent of their annual retainer fee into deferred stock units. The deferred stock units are convertible into an equal number of shares of common stock upon the directors' termination of service from the Board of Directors or a change in control of the Company, as defined in the plan. Deferred stock units are credited to each director quarterly using the closing price of the Company's common stock on the applicable dividend record date for the respective quarter. Each participating director's account is also credited for an equivalent amount of deferred stock units based on the dividend rate for each quarter.

During the nine months ended September 30, 2007 and 2006, 5,380 and 4,730 deferred stock units were earned, respectively. As of September 30, 2007 and December 31, 2006, there were 42,237 and 35,802 deferred stock units outstanding, respectively.

16. IMPACT OF RECENTLY-ISSUED ACCOUNTING STANDARDS

FINANCIAL ACCOUNTING STANDARDS BOARD (FASB) Statement No. 159 (“FASB No. 159”), *The Fair Value Option for Financial Assets and Financial Liabilities* —Including an amendment of FASB Statement No. 115

FASB No. 159 permits entities to choose to measure many financial instruments and certain other items at fair value. The objective is to improve financial reporting by providing entities with the opportunity to mitigate volatility in reported earnings caused by measuring related assets and liabilities differently without having to apply complex hedge accounting provisions. FASB No. 159 is expected to expand the use of fair value measurement, which is consistent with FASB’s long-term measurement objectives for accounting for financial instruments. This Statement applies to all entities, including not-for-profit organizations. Most of the provisions of this Statement apply only to entities that elect the fair value option. However, the amendment to FASB Statement No. 115, *Accounting for Certain Investments in Debt and Equity Securities*, applies to all entities with available-for-sale and trading securities. Some requirements apply differently to entities that do not report net income.

The following are eligible items for the measurement option established by FASB No. 159.

1. Recognized financial assets and financial liabilities except:
 - a. An investment in a subsidiary that the entity is required to consolidate;
 - b. An interest in a variable interest entity that the entity is required to consolidate;
 - c. Employers’ and plans’ obligations (or assets representing net overfunded positions) for pension benefits, other postretirement benefits (including health care and life insurance benefits), postemployment benefits, employee stock option and stock purchase plans, and other forms of deferred compensation arrangements, as defined in FASB Statements No. 35, *Accounting and Reporting by Defined Benefit Pension Plans*, No. 87, *Employers’ Accounting for Pensions*, No. 106, *Employers’ Accounting for Postretirement Benefits Other Than Pensions*, No. 112, *Employers’ Accounting for Postemployment Benefits*, No. 123 (revised December 2004), *Share-Based Payment*, No. 43, *Accounting for Compensated Absences*, No. 146, *Accounting for Costs Associated with Exit or Disposal Activities*, and No. 158, *Employers’ Accounting for Defined Benefit Pension and Other Postretirement Plans*, and APB Opinion No. 12, *Omnibus Opinion—1967*;
 - d. Financial assets and financial liabilities recognized under leases as defined in FASB Statement No. 13, *Accounting for Leases* (This exception does not apply to a guarantee of a third-party lease obligation or a contingent obligation arising from a cancelled lease.);
 - e. Deposit liabilities, withdrawable on demand, of banks, savings and loan associations, credit unions, and other similar depository institutions; and
 - f. Financial instruments that are, in whole or in part, classified by the issuer as a component of shareholder’s equity (including “temporary equity”). An example is a convertible debt security with a noncontingent beneficial conversion feature.
2. Firm commitments that would otherwise not be recognized at inception and that involve only financial instruments.
3. Nonfinancial insurance contracts and warranties that the insurer can settle by paying a third party to provide those goods or services.
4. Host financial instruments resulting from separation of an embedded nonfinancial derivative instrument from a nonfinancial hybrid instrument.

The fair value option established by FASB No. 159 permits all entities to choose to measure eligible items at fair value at specified election dates. A business entity shall report unrealized gains and losses on items for which the fair value option has been elected in earnings (or another performance indicator if the business entity does not report earnings) at each subsequent reporting date. FASB No. 159 is effective as of the beginning of an entity's first fiscal year that begins after November 15, 2007. The Company does not expect that the implementation of FASB No. 159 will have a material effect on the Company's consolidated financial position or results of operations.

FASB Statement No. 157 ("FASB NO. 157"), *Fair Value Measurements*

FASB No. 157 defines fair value, establishes a framework for measuring fair value in generally accepted accounting principles (GAAP), and expands disclosures about fair value measurements. FASB No. 157 applies under other accounting pronouncements that require or permit fair value measurements, FASB having previously concluded in those accounting pronouncements that fair value is their relevant measurement attribute. Accordingly, this FASB No. 157 does not require any new fair value measurements. However, for some entities, the application of this FASB No. 157 will change current practice. This statement is effective for financial statements for fiscal years beginning after November 15, 2007. The Company does not expect that the implementation of FASB No. 157 will have a material effect on the Company's consolidated financial position or results of operations.

Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

GENERAL

The following discussion should be read in conjunction with the Consolidated Financial Statements of Mack-Cali Realty Corporation and the notes thereto (collectively, the "Financial Statements"). Certain defined terms used herein have the meaning ascribed to them in the Financial Statements.

Executive Overview

Mack-Cali Realty Corporation (the "Company") is one of the largest real estate investment trusts (REITs) in the United States, with a total market capitalization of approximately \$5.6 billion at September 30, 2007. The Company has been involved in all aspects of commercial real estate development, management and ownership for over 50 years and has been a publicly-traded REIT since 1994. The Company owns or has interests in 302 properties (collectively, the "Properties"), primarily class A office and office/flex buildings, totaling approximately 34.9 million square feet, leased to approximately 2,200 tenants. The properties are located primarily in suburban markets of the Northeast, some with adjacent, Company-controlled developable land sites able to accommodate up to 11.3 million square feet of additional commercial space.

The Company's strategy is to be a significant real estate owner and operator in its core, high-barriers-to-entry markets, primarily in the Northeast.

As an owner of real estate, almost all of the Company's earnings and cash flow is derived from rental revenue received pursuant to leased space at the Properties. Key factors that affect the Company's business and financial results include the following:

- . the general economic climate;
- . the occupancy rates of the Properties;
- . rental rates on new or renewed leases;
- . tenant improvement and leasing costs incurred to obtain and retain tenants;
- . the extent of early lease terminations;
- . operating expenses;
- . cost of capital; and
- . the extent of acquisitions, development and sales of real estate.

Any negative effects of the above key factors could potentially cause a deterioration in the Company's revenue and/or earnings. Such negative effects could include: (1) failure to renew or execute new leases as current leases expire; (2) failure to renew or execute new leases with rental terms at or above the terms of in-place leases; and (3) tenant defaults.

A failure to renew or execute new leases as current leases expire or to execute new leases with rental terms at or above the terms of in-place leases may be affected by several factors such as: (1) the local economic climate, which may be adversely impacted by business layoffs or downsizing, industry slowdowns, changing demographics and other factors; and (2) local real estate conditions, such as oversupply of office and office/flex space or competition within the market.

The Company's core markets continue to be weak. The percentage leased in the Company's consolidated portfolio of stabilized operating properties was 92.2 percent at September 30, 2007 as compared to 91.9 percent at June 30, 2007 and 92.0 percent at December 31, 2006. Percentage leased includes all leases in effect as of the period end date, some of which have commencement dates in the future (including, at September 30, 2007, a lease with a commencement date substantially in the future consisting of 8,590 square feet scheduled to commence in 2009), and leases that expire at the period end date. Leases that expired as of September 30, 2007, June 30, 2007 and December 31, 2006 aggregate 67,253, 174,122 and 103,477 square feet, respectively, or 0.2, 0.6 and 0.4 percentage of the net rentable square footage, respectively. Rental rates on the Company's space that was re-leased (based on first rents payable) during the three months ended September 30, 2007 increased an average of 0.8 percent compared to rates that were in effect under the prior leases, as compared to a 1.1 percent decrease for the three months ended September 30, 2006. The Company believes that vacancy rates may continue to increase in some of its markets in 2007. As a result, the Company's future earnings and cash flow may continue to be negatively impacted by current market conditions.

The remaining portion of this Management's Discussion and Analysis of Financial Condition and Results of Operations should help the reader understand:

- property transactions during the period;
- critical accounting policies and estimates;
- results of operations for the three and nine months ended September 30, 2007 as compared to the three and nine months ended September 30, 2006; and
- liquidity and capital resources.

Land Acquisition

In February 2007, the Company exercised its option to acquire approximately 43 acres of land sites within its Capital Office Park complex in Greenbelt, Maryland, which is able to accommodate the development of up to 600,000 square feet of office space, for \$13 million. The option was acquired as part of the acquisition of the office complex in February 2006. On May 25, 2007, the Company completed the purchase of the land for approximately \$13 million, which consisted of 114,911 common operating partnership units valued at \$5.2 million, and the remainder in cash.

Property Sales

The Company sold the following office properties during the nine months ended September 30, 2007 (*dollars in thousands*):

Critical Accounting Policies and Estimates

The Financial Statements have been prepared in conformity with generally accepted accounting principles. The preparation of the Financial Statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the Financial Statements, and the reported amounts of revenues and expenses during the reported period. These estimates and assumptions are based on management's historical experience that are believed to be reasonable at the time. However, because future events and their effects cannot be determined with certainty, the determination of estimates requires the exercise of judgment. The Company's critical accounting policies are those which require assumptions to be made about matters that are highly uncertain. Different estimates could have a material effect on the Company's financial results. Judgments and uncertainties affecting the application of these policies and estimates may result in materially different amounts being reported under different conditions and circumstances.

Rental Property:

Rental properties are stated at cost less accumulated depreciation and amortization. Costs directly related to the acquisition, development and construction of rental properties are capitalized. Capitalized development and construction costs include pre-construction costs essential to the development of the property, development and construction costs, interest, property taxes, insurance, salaries and other project costs incurred during the period of development. Interest capitalized by the Company for the three months ended September 30, 2007 and 2006 was \$1.2 million and \$1.7 million, respectively, and \$3.7 million and \$4.8 million for the nine months ended September 30, 2007 and 2006, respectively. Ordinary repairs and maintenance are expensed as incurred; major replacements and betterments, which improve or extend the life of the asset, are capitalized and depreciated over their estimated useful lives. Fully-depreciated assets are removed from the accounts.

The Company considers a construction project as substantially completed and held available for occupancy upon the completion of tenant improvements, but no later than one year from cessation of major construction activity (as distinguished from activities such as routine maintenance and cleanup). If portions of a rental project are substantially completed and occupied by tenants, or held available for occupancy, and other portions have not yet reached that stage, the substantially completed portions are accounted for as a separate project. The Company allocates costs incurred between the portions under construction and the portions substantially completed and held available for occupancy and capitalizes only those costs associated with the portion under construction.

Properties are depreciated using the straight-line method over the estimated useful lives of the assets. The estimated useful lives are as follows:

Leasehold interests	Remaining lease term
<u>Buildings and improvements</u>	<u>5 to 40 years</u>
Tenant improvements	The shorter of the term of the related lease or useful life
<u>Furniture, fixtures and equipment</u>	<u>5 to 10 years</u>

Upon acquisition of rental property, the Company estimates the fair value of acquired tangible assets, consisting of land, building and improvements, and identified intangible assets and liabilities generally consisting of the fair value of (i) above and below market leases, (ii) in-place leases and (iii) tenant relationships. The Company allocates the purchase price to the assets acquired and liabilities assumed based on their relative fair values. In estimating the fair value of the tangible and intangible assets acquired, the Company considers information obtained about each property as a result of its due diligence and marketing and leasing activities, and utilizes various valuation methods, such as estimated cash flow projections utilizing appropriate discount and capitalization rates, estimates of replacement costs net of depreciation, and available market information. The fair value of the tangible assets of an acquired property considers the value of the property as if it were vacant.

Above-market and below-market lease values for acquired properties are recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the remaining initial term plus the term of any below-market fixed rate renewal options for below-market leases. The capitalized above-market lease values are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed rate renewal options of the respective leases.

Other intangible assets acquired include amounts for in-place lease values and tenant relationship values which are based on management's evaluation of the specific characteristics of each tenant's lease and the Company's overall relationship with the respective tenant. Factors to be considered by management in its analysis of in-place lease values include an estimate of carrying costs during hypothetical expected lease-up periods considering current market conditions, and costs to execute similar leases. In estimating carrying costs, management includes real estate taxes, insurance and other operating expenses and estimates of lost rentals at market rates during the expected lease-up periods, depending on local market conditions. In estimating costs to execute similar leases, management considers leasing commissions, legal and other related expenses. Characteristics considered by management in valuing tenant relationships include the nature and extent of the Company's existing business relationships with the tenant, growth prospects for developing new business with the tenant, the tenant's credit quality and expectations of lease renewals. The value of in-place leases are amortized to expense over the remaining initial terms of the respective leases. The value of tenant relationship intangibles will be amortized to expense over the anticipated life of the relationships.

On a periodic basis, management assesses whether there are any indicators that the value of the Company's rental properties may be impaired. A property's value is impaired only if management's estimate of the aggregate future cash flows (undiscounted and without interest charges) to be generated by the property is less than the carrying value of the property. To the extent impairment has occurred, the loss shall be measured as the excess of the carrying amount of the property over the fair value of the property. The Company's estimates of aggregate future cash flows expected to be generated by each property are based on a number of assumptions that are subject to economic and market uncertainties including, among others, demand for space, competition for tenants, changes in market rental rates, and costs to operate each property. As these factors are difficult to predict and are subject to future events that may alter management's assumptions, the future cash flows estimated by management in its impairment analyses may not be achieved. Management does not believe that the value of any of the Company's rental properties is impaired.

Rental Property Held for Sale and Discontinued Operations:

When assets are identified by management as held for sale, the Company discontinues depreciating the assets and estimates the sales price, net of selling costs, of such assets. If, in management's opinion, the net sales price of the assets which have been identified as held for sale is less than the net book value of the assets, a valuation allowance is established. Properties identified as held for sale and/or sold are presented in discontinued operations for all periods presented.

If circumstances arise that previously were considered unlikely and, as a result, the Company decides not to sell a property previously classified as held for sale, the property is reclassified as held and used. A property that is reclassified is measured and recorded individually at the lower of (a) its carrying amount before the property was classified as held for sale, adjusted for any depreciation (amortization) expense that would have been recognized had the property been continuously classified as held and used, or (b) the fair value at the date of the subsequent decision not to sell.

Revenue Recognition:

Base rental revenue is recognized on a straight-line basis over the terms of the respective leases. Unbilled rents receivable represents the amount by which straight-line rental revenue exceeds rents currently billed in accordance with the lease agreements. Above-market and below-market lease values for acquired properties are recorded based on the present value (using a discount rate which reflects the risks associated with the leases acquired) of the difference between (i) the contractual amounts to be paid pursuant to each in-place lease and (ii) management's estimate of fair market lease rates for each corresponding in-place lease, measured over a period equal to the remaining term of the lease for above-market leases and the initial term plus the term of any below-market fixed-rate renewal options for below-market leases. The capitalized above-market lease values for acquired properties are amortized as a reduction of base rental revenue over the remaining term of the respective leases, and the capitalized below-market lease values are amortized as an increase to base rental revenue over the remaining initial terms plus the terms of any below-market fixed-rate renewal options of the respective leases. Escalations and recoveries from tenants are received from tenants for certain costs as provided in the lease agreements. These costs generally include real estate taxes, utilities, insurance, common area maintenance and other recoverable costs.

Construction services revenue includes fees earned and reimbursements received by the Company for providing construction management and general contractor services to clients. Construction services revenue is recognized on the percentage of completion method. Using this method, profits are recorded on the basis of our estimates of the overall profit and percentage of completion of individual contracts. A portion of the estimated profits is accrued based upon estimates of the percentage of completion of the construction contract. This revenue recognition method involves inherent risks relating to profit and cost estimates. Real estate services revenue includes property management, facilities management, leasing commission fees and other services, and payroll and related costs reimbursed from clients. Other income includes income from parking spaces leased to tenants, income from tenants for additional services arranged for the Company and income from tenants for early lease terminations.

Allowance for Doubtful Accounts:

Management periodically performs a detailed review of amounts due from tenants to determine if accounts receivable balances are impaired based on factors affecting the collectibility of those balances. Management's estimate of the allowance for doubtful accounts requires management to exercise significant judgment about the timing, frequency and severity of collection losses, which affects the allowance and net income.

Base rents for the Same-Store Properties increased \$2.2 million, or 1.6 percent, for 2007 as compared to 2006, due primarily to an increase in the percentage of space leased at the properties in 2007 from 2006. Escalations and recoveries from tenants for the Same-Store Properties increased \$1.0 million, or 3.8 percent, for 2007 over 2006, due primarily to an increased amount of total property expenses in 2007. Other income for the Same-Store Properties increased \$6.2 million, or 121.0 percent, due primarily to an increase in lease termination fees.

Real estate taxes on the Same-Store Properties decreased \$1.0 million, or 4.6 percent, for 2007 as compared to 2006, due primarily to lower assessments on certain properties in 2007. Utilities for the Same-Store Properties increased \$2.8 million, or 15.2 percent, for 2007 as compared to 2006, due primarily to increased electric rates in 2007 as compared to 2006. Operating services for the Same-Store Properties decreased \$4.5 million, or 15.2 percent due primarily to a decrease of \$5.7 million resulting from the contribution of the Gale facilities management business to an unconsolidated joint venture in late 2006, partially offset by an increase of \$0.7 million in property management salaries and related expenses and an increase of \$0.5 million in maintenance costs for 2007, as compared to 2006.

Construction services revenue decreased \$0.3 million, or 1.4 percent, in 2007 as compared to 2006, due to less activity at The Gale Company and its related businesses acquired by the Company in May 2006 (the "Gale/Green Transaction"). Real estate services revenue decreased by \$5.1 million, for 2007 as compared to 2006, due primarily to the contribution of the Gale facilities management business to an unconsolidated joint venture in late 2006.

Direct construction costs decreased \$0.1 million, or 0.4 percent, in 2007 as compared to 2006, due primarily to lesser activity of the Gale Company and its related businesses. General and administrative expense increased by \$1.2 million, or 10.2 percent, for 2007 as compared to 2006 due primarily to the write-off of costs related to a development project no longer considered viable.

Depreciation and amortization increased by \$10.1 million, or 25.3 percent, for 2007 over 2006. Of this increase, \$4.4 million, or 11.1 percent, is attributable to the Acquired Properties, and \$5.7 million, or 14.2 percent, is attributable to the Same-Store Properties, due primarily to depreciation on increased tenant installation costs.

Interest expense decreased \$3.3 million, or 9.3 percent, for 2007 as compared to 2006. This decrease was due primarily to lower average debt balances in 2007 as compared to 2006.

Interest and other investment income increased \$0.5 million, or 91.6 percent, for 2007 as compared to 2006. This increase was due primarily to higher cash balances invested during the period.

Equity in earnings of unconsolidated joint ventures increased \$3.2 million, or 67.2 percent, for 2007 as compared to 2006. The increase was due primarily to losses in 2006 of \$1.9 million in the Meadowlands Xanadu venture, and \$0.4 million in the G&G Martco venture with no activity in 2007, as well as a decreased loss in 2007 of \$0.7 million in the Mack-Green joint venture and a decreased loss of \$0.4 million in the Route 93 joint venture.

Income from continuing operations before minority interest in Operating Partnership increased to approximately \$23.1 million in 2007 from \$16.3 million in 2006. The increase of approximately \$6.8 million is due to the factors discussed above.

Net income available to common shareholders increased by approximately \$7.0 million, from \$16.0 million in 2006 to \$23.0 million in 2007. This increase was the result of an increase in income from continuing operations before minority interest in Operating Partnership of \$6.8 million and a realized gain on disposition of rental property of \$4.5 million in 2007. These were partially offset by a decrease in income from discontinued operations of approximately \$3.3 million for 2007 as compared to 2006, and an increase in minority interest in Operating Partnership of \$1.0 million for 2007 as compared to 2006.

Base rents for the Same-Store Properties increased \$12.7 million, or 3.2 percent, for 2007 as compared to 2006, due primarily to an increase in the percentage of space leased at the properties in 2007 from 2006. Escalations and recoveries from tenants for the Same-Store Properties increased \$6.8 million, or 9.9 percent, for 2007 over 2006, due primarily to an increased amount of total property expenses in 2007. Real estate taxes on the Same-Store Properties increased \$2.9 million, or 4.6 percent, for 2007 as compared to 2006, due primarily to property tax rate increases in certain municipalities in 2007, partially offset by reduced assessments on certain properties in 2007. Utilities for the Same-Store Properties increased \$6.7 million, or 14.6 percent, for 2007 as compared to 2006, due primarily to increased electric rates in 2007 as compared to 2006. Operating services for the Same-Store Properties increased \$7.3 million, or 9.7 percent due primarily to increased maintenance costs of \$3.4 million, an increase in salaries and related expenses of \$1.6 million for 2007, an increase in snow removal costs of \$0.8 million and an increase in property insurance expense of \$0.4 million for 2007 as compared to 2006. Included in the \$4.1 million decrease in operating services of the Acquired Properties for 2007 as compared to 2006 is the effect of a decrease of \$9.0 million in 2007 resulting from the contribution of the Gale facilities management business to an unconsolidated joint venture in late 2006.

Construction services revenue increased \$32.4 million in 2007 as compared to 2006, due to the effect of the Gale/Green Transactions completed in May 2006. Real estate services revenues decreased by \$5.7 million, for 2007 as compared to 2006, due primarily to the contribution of the Gale facilities management business to an unconsolidated joint venture in late 2006.

Direct construction costs increased \$30.9 million in 2007 as compared to 2006, due primarily to the effect of the Gale/Green Transactions. General and administrative expense increased by \$4.6 million, or 13.9 percent, for 2007 as compared to 2006 due primarily to the effect of the Gale/Green Transactions.

Depreciation and amortization increased by \$19.4 million, or 16.8 percent, for 2007 over 2006. Of this increase, \$12.5 million, or 10.8 percent, is attributable to the Acquired Properties, and \$6.9 million, or 6.0 percent, is attributable to the Same-Store Properties, due primarily to depreciation on increased tenant installation costs.

Interest expense decreased \$5.1 million, or 5.2 percent, for 2007 as compared to 2006. This decrease was due primarily to lower average debt balances in 2007 as compared to 2006.

Interest and other investment income increased \$1.8 million, or 76.9 percent, for 2007 as compared to 2006. This increase was due primarily to higher cash balances invested during the period.

Equity in earnings of unconsolidated joint ventures decreased \$0.1 million, or 2.4 percent, for 2007 as compared to 2006. The decrease was due primarily to a loss in 2007 of \$1.6 million in the Route 93 joint venture and an increased loss in 2007 of \$1.3 million in the Mack-Green joint venture, partially offset by losses in 2006 of \$1.9 million in the Meadowlands Xanadu venture and \$0.7 million in the G&G Martco venture, with no activity for these ventures in 2007.

The Company recognized a gain on sale of investment in marketable securities of \$15.1 million in 2006, with no gain in 2007.

Income from continuing operations before minority interest in Operating Partnership decreased to approximately \$69.3 million in 2007 from \$78.4 million in 2006. The decrease of approximately \$9.1 million is due to the factors discussed above.

Net income available to common shareholders increased by approximately \$17.4 million, from \$75.2 million in 2006 to \$92.6 million in 2007. This increase was the result of a realized gain on disposition of rental property of \$36.3 million in 2007 and a decrease in minority interest in Operating Partnership of \$2.4 million for 2007 as compared to 2006. These were partially offset by a decrease in income from continuing operation before minority interest in Operating Partnership of \$9.1 million for 2007 as compared to 2006, a decrease in income from discontinued operations of \$8.3 million for 2007 as compared to 2006, and realized a gain on disposition of rental property of \$3.9 million in 2006.

LIQUIDITY AND CAPITAL RESOURCES

Liquidity

Overview:

Historically, rental revenue has been the principal source of funds to pay operating expenses, debt service, capital expenditures and dividends, excluding non-recurring capital expenditures. To the extent that the Company's cash flow from operating activities is insufficient to finance its non-recurring capital expenditures such as property acquisitions, development and construction costs and other capital expenditures, the Company has and expects to continue to finance such activities through borrowings under its revolving credit facility and other debt and equity financings.

The Company believes that with the general downturn in the Company's markets in recent years, it is reasonably likely that vacancy rates may continue to increase, effective rental rates on new and renewed leases may continue to decrease and tenant installation costs, including concessions, may continue to increase in most or all of its markets in 2007. As a result of the potential negative effects on the Company's revenue from the overall reduced demand for office space, the Company's cash flow could be insufficient to cover increased tenant installation costs over the short-term. If this situation were to occur, the Company expects that it would finance any shortfalls through borrowings under its revolving credit facility and other debt and equity financings.

The Company expects to meet its short-term liquidity requirements generally through its working capital, net cash provided by operating activities and from its revolving credit facility. The Company frequently examines potential property acquisitions and development projects and, at any given time, one or more of such acquisitions or development projects may be under consideration. Accordingly, the ability to fund property acquisitions and development projects is a major part of the Company's financing requirements. The Company expects to meet its financing requirements through funds generated from operating activities, proceeds from property sales, long-term and short-term borrowings (including draws on the Company's revolving credit facility) and the issuance of additional debt and/or equity securities.

Gale Earn-Out and Agreement:

The agreement to acquire the Gale Company (“Gale Agreement”), which was completed as part of the Gale/Green transactions on May 9, 2006, contained earn-out provisions (“Earn-Out”) providing for the payment of contingent purchase consideration of up to \$18 million in cash based upon the achievement of Gross Income and NOI (as such terms were defined in the Gale Agreement) targets and other events for the three years following the closing date.

On May 23, 2007, the Company entered into an amendment (the “Amendment”) to the Gale Agreement. The Amendment eliminated the Earn-Out and substituted an aggregate of \$14 million in payments by the Company consisting of the following: (1) \$8 million, which was paid on May 31, 2007; (2) \$3 million on May 9, 2008; and (3) \$3 million on May 9, 2009.

In October 2007, the Company reached an agreement with Stanley C. Gale, the seller of the Gale Company, Mark Yeager, an executive officer of the Company, and certain affiliates of Messrs. Gale and Yeager, which are parties to certain non-portfolio interest joint ventures with the Company, to provide primarily for the following:

- (1) The Company agreed to satisfy the requirements for the \$3 million payment due on May 9, 2008 and the \$3 million payment due on May 9, 2009 as of October 31, 2007 by:
 - (a) paying \$4 million in cash; and
 - (b) transferring to an entity whose beneficial owners include Messrs. Gale and Yeager a 49.8 percent interest in an entity that owns one of the non-portfolio interests in a development project located in Belmar, New Jersey, which it acquired in June 2006 pursuant to the Gale Agreement for \$1.6 million. On September 30, 2007, the Company wrote off \$2.1 million of costs related to this project, as it believes the project is no longer viable, which is included in general and administrative expense for the three and nine months ended September 30, 2007.
- (2) Under the Gale Agreement, the Company is obligated to acquire from an entity whose beneficial owners include Messrs. Gale and Yeager (the “Florham Entity”), a 50 percent interest in a venture which owns a developable land parcel in Florham Park, New Jersey (the “Florham Park Land”) for a maximum purchase price of up to \$10.5 million, subject to reduction based on developable square feet approved and other conditions, with the completion of such acquisition subject to the Florham Entity obtaining final development permits and approvals and related conditions necessary to allow for office development expected to be 600,000 square feet. The Company has agreed to waive its contractual rights for reimbursement from the Florham Entity for certain costs incurred by the Company securing approvals for the development of the Florham Park Land and to defer collection of other costs. Such deferred other costs, including a carrying charge of six percent per annum, will be credited against the purchase price of the Florham Park Land at closing. In the event the acquisition of the Florham Park Land does not close by May 9, 2009, subject to certain conditions, the Florham Entity will be obligated to pay the deferred other costs and an additional \$1 million to the Company at that time.
- (3) The Company has agreed to settle a dispute and treat the right to receive certain commission payments in the approximate amount of \$2.3 million as an excluded asset under the Gale Agreement, which commissions may become payable in the event that Sanofi-Aventis exercises its option to cause the 55 Corporate venture (see Note 4: Investment in Unconsolidated Joint Ventures) to construct a building which Sanofi-Aventis would lease on a long-term basis, as well as the completion of certain related events. The Company has agreed to pay directly to an entity whose beneficial owners include Messrs. Gale and Yeager up to \$769,000 of these commissions when and if due. In the event that Sanofi-Aventis does not exercise its option and the 55 Corporate venture receives the \$7 million penalty, no amounts would be due to Messrs. Gale and Yeager or any of their affiliates.

Construction Projects:

The Company owns a 15 percent indirect interest in a joint venture which plans to develop approximately 1.2 million square foot mixed-use project in downtown Boston consisting of office and retail space, condominium apartments, a hotel and garage. The development project, which is subject to government approval, is currently projected to cost approximately \$710 million, of which the Company is currently projected to invest a total of approximately \$26.6 million (of which the Company has invested \$16.6 million through October 26, 2007).

On February 22, 2007, the Company announced that it agreed to develop a 250,000 square-foot class A office building for Wyndham Worldwide Corporation for its corporate headquarters. In July 2007, the Company commenced construction on the building, which Wyndham Worldwide pre-leased for 15 years, on a land site located in the Company's Mack-Cali Business Campus in Parsippany, New Jersey. The building is expected to be completed in the fourth quarter 2008 at a total estimated cost of approximately \$64.8 million.

REIT Restrictions:

To maintain its qualification as a REIT, the Company must make annual distributions to its stockholders of at least 90 percent of its REIT taxable income, determined without regard to the dividends paid deduction and by excluding net capital gains. Moreover, the Company intends to continue to make regular quarterly distributions to its common stockholders which, based upon current policy, in the aggregate would equal approximately \$173.9 million on an annualized basis. However, any such distribution, whether for federal income tax purposes or otherwise, would only be paid out of available cash, including borrowings and other sources, after meeting operating requirements, preferred stock dividends and distributions, and scheduled debt service on the Company's debt.

Property Lock-Ups:

The Company may not dispose of or distribute certain of its properties, currently comprising 46 properties with an aggregate net book value of approximately \$1.2 billion, which were originally contributed by members of either the Mack Group (which includes William L. Mack, Chairman of the Company's Board of Directors; David S. Mack, director; Earle I. Mack, a former director; and Mitchell E. Hersh, president, chief executive officer and director), the Robert Martin Group (which includes Martin S. Berger, director; Robert F. Weinberg, a former director; and Timothy M. Jones, former president), the Cali Group (which includes John R. Cali, director, and John J. Cali, a former director) or certain other common unitholders, without the express written consent of a representative of the Mack Group, the Robert Martin Group, the Cali Group or the specific certain other common unitholders, as applicable, except in a manner which does not result in recognition of any built-in-gain (which may result in an income tax liability) or which reimburses the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other common unitholders for the tax consequences of the recognition of such built-in-gains (collectively, the "Property Lock-Ups"). The aforementioned restrictions do not apply in the event that the Company sells all of its properties or in connection with a sale transaction which the Company's Board of Directors determines is reasonably necessary to satisfy a material monetary default on any unsecured debt, judgment or liability of the Company or to cure any material monetary default on any mortgage secured by a property. The Property Lock-Ups expire periodically through 2016. Upon the expiration of the Property Lock-Ups, the Company generally is required to use commercially reasonable efforts to prevent any sale, transfer or other disposition of the subject properties from resulting in the recognition of built-in gain to the appropriate Mack Group, Robert Martin Group, Cali Group members or the specific certain other common unitholders. 91 of the Company's properties, with an aggregate net book value of approximately \$891.6 million, have lapsed restrictions and are subject to these conditions.

Unencumbered Properties:

As of September 30, 2007, the Company had 238 unencumbered properties, totaling 25.7 million square feet, representing 87.7 percent of the Company's total portfolio on a square footage basis.

Credit Ratings:

The Company has three investment grade credit ratings. Standard & Poor's Rating Services ("S&P") and Fitch, Inc. ("Fitch") have each assigned their BBB rating to existing and prospective senior unsecured debt of the Operating Partnership. S&P and Fitch have also assigned their BBB- rating to existing and prospective preferred stock offerings of the Company. Moody's Investors Service ("Moody's") has assigned its Baa2 rating to existing and prospective senior unsecured debt of the Operating Partnership and its Baa3 rating to its existing and prospective preferred stock offerings of the Company.

Cash Flows

Cash and cash equivalents decreased by \$71.2 million to \$30.0 million at September 30, 2007, compared to \$101.2 million at December 31, 2006. The decrease is comprised of the following net cash flow items:

- (1) \$171.2 million provided by operating activities.
- (2) \$322.7 million used in investing activities, consisting primarily of the following:
 - (a) \$356.2 million used for additions to rental property and related intangibles; plus
 - (b) \$4.9 million used for purchasing of Available For Sale Securities; plus
 - (c) \$22.3 million used in investing in unconsolidated joint ventures; minus
 - (d) \$57.2 million received from proceeds from the sales of rental property.
- (3) \$80.2 million provided by financing activities, consisting primarily of the following:
 - (a) \$251.7 million in proceeds from the offering of Common Stock; plus
 - (b) \$395 million from borrowings under the Company's unsecured credit facility; minus
 - (c) \$374 million used for the repayment of borrowings under the Company's unsecured credit facility; minus
 - (d) \$25.4 million used for the repayment of mortgages, loans payable and other obligations; minus
 - (e) \$157.8 million used for the payment of dividends and distributions.

Senior Unsecured Notes:

The terms of the Company's senior unsecured notes (which totaled approximately \$1.6 billion as of September 30, 2007) include certain restrictions and covenants which require compliance with financial ratios relating to the maximum amount of debt leverage, the maximum amount of secured indebtedness, the minimum amount of debt service coverage and the maximum amount of unsecured debt as a percent of unsecured assets.

Unsecured Revolving Credit Facility:

The Company has an unsecured revolving credit facility with a borrowing capacity of \$775 million (expandable to \$800 million). The facility matures in June 2011, with an extension option of one year, which would require a payment of 15 basis points of the then borrowing capacity of the facility upon exercise. In addition, the interest rate on outstanding borrowings (not electing the Company's competitive bid feature) was reduced by 10 basis points to LIBOR plus 55 basis points at the BBB/Baa2 pricing level. As of October 26, 2007, the Company had \$217 million of outstanding borrowings under its unsecured revolving credit facility.

The facility has a competitive bid feature, which allows the Company to solicit bids from lenders under the facility to borrow up to \$300 million at interest rates less than the current LIBOR plus 55 basis point spread. The Company may also elect an interest rate representing the higher of the lender's prime rate or the Federal Funds rate plus 50 basis points. The unsecured facility also requires a 15 basis point facility fee on the current borrowing capacity payable quarterly in arrears.

The interest rate and the facility fee are subject to adjustment, on a sliding scale, based upon the operating partnership's unsecured debt ratings. In the event of a change in the Operating Partnership's unsecured debt rating, the interest and facility fee rates will be adjusted in accordance with the following table:

**Operating Partnership's
Unsecured Debt Ratings:
S&P Moody's/Fitch (a)**

	Interest Rate – Applicable Basis Points Above LIBOR	Facility Fee Basis Points
No ratings or less than BBB-/Baa3/BBB-	100.0	25.0
BBB-/Baa3/BBB-	75.0	20.0
BBB/Baa2/BBB (current)	55.0	15.0
BBB+/Baa1/BBB+	42.5	15.0
A-/A3/A- or higher	37.5	12.5

(a) If the Operating Partnership has debt ratings from two rating agencies, one of which is Standard & Poor's Rating Services ("S&P") or Moody's Investors Service ("Moody's"), the rates per the above table shall be based on the lower of such ratings. If the Operating Partnership has debt ratings from three rating agencies, one of which is S&P or Moody's, the rates per the above table shall be based on the lower of the two highest ratings. If the Operating Partnership has debt ratings from only one agency, it will be considered to have no rating or less than BBB-/Baa3/BBB- per the above table.

The terms of the unsecured facility include certain restrictions and covenants which limit, among other things, the payment of dividends (as discussed below), the incurrence of additional indebtedness, the incurrence of liens and the disposition of real estate properties (to the extent that: (i) such property dispositions cause the Company to default on any of the financial ratios of the facility described below, or (ii) the property dispositions are completed while the Company is under an event of default under the facility, unless, under certain circumstances, such disposition is being carried out to cure such default), and which require compliance with financial ratios relating to the maximum leverage ratio, the maximum amount of secured indebtedness, the minimum amount of tangible net worth, the minimum amount of fixed charge coverage, the maximum amount of unsecured indebtedness, the minimum amount of unencumbered property interest coverage and certain investment limitations. The dividend restriction referred to above provides that, if an event of default has occurred and is continuing, the Company will not make any excess distributions with respect to common stock or other common equity interests except to enable the Company to continue to qualify as a REIT under the Code.

The lending group for the credit facility consists of: JPMorgan Chase Bank, N.A., as administrative agent (the "Agent"); Bank of America, N.A., as syndication agent; Scotiabanc, Inc., Wachovia Bank, National Association, and Wells Fargo Bank, National Association, as documentation agents; SunTrust Bank, as senior managing agent; US Bank National Association, Citicorp North America, Inc. and PNC Bank, National Association, as managing agents; and Bank of China, New York Branch, The Bank of New York; Chevy Chase Bank, F.S.B., The Royal Bank of Scotland PLC, Mizuho Corporate Bank, Ltd., The Bank of Tokyo-Mitsubishi UFJ, Ltd. (Successor by merger to UFJ Bank Limited), North Fork Bank, Bank Hapoalim B.M., Comerica Bank, Chang Hwa Commercial Bank, Ltd., New York Branch, First Commercial Bank, New York Agency, Mega International Commercial Bank Co. Ltd., New York Branch, Deutsche Bank Trust Company Americas and Hua Nan Commercial Bank, New York Agency, as participants.

Mortgages, Loans Payable and Other Obligations:

The Company has mortgages, loans payable and other obligations which consist of various loans collateralized by certain of the Company's rental properties. Payments on mortgages, loans payable and other obligations are generally due in monthly installments of principal and interest, or interest only.

On February 5, 2007, the Company repaid its \$9.4 million loan with Allstate Life Insurance Company collateralized by 200 Riser Road, which was scheduled to mature on April 1, 2007, at par, using available cash.

On February 15, 2007, the Company repaid its \$5.9 million loan with State Farm Life Insurance Company collateralized by 6303 Ivy Lane, which was scheduled to mature on July 1, 2007, at par, using available cash.

Debt Strategy:

The Company does not intend to reserve funds to retire the Company's senior unsecured notes or its mortgages, loans payable and other obligations upon maturity. Instead, the Company will seek to refinance such debt at maturity or retire such debt through the issuance of additional equity or debt securities on or before the applicable maturity dates. If it cannot raise sufficient proceeds to retire the maturing debt, the Company may draw on its revolving credit facility to retire the maturing indebtedness, which would reduce the future availability of funds under such facility. As of October 26, 2007, the Company had \$217 million in outstanding borrowings under its \$775 million unsecured revolving credit facility. The Company is reviewing various refinancing options, including the purchase of its senior unsecured notes in privately-negotiated transactions, the issuance of additional, or exchange of current, unsecured debt, preferred stock, and/or obtaining additional mortgage debt, some or all of which may be completed during 2007. The Company anticipates that its available cash and cash equivalents and cash flows from operating activities, together with cash available from borrowings and other sources, will be adequate to meet the Company's capital and liquidity needs both in the short and long-term. However, if these sources of funds are insufficient or unavailable, the Company's ability to make the expected distributions discussed below may be adversely affected.

During the quarter ended September 30, 2007, the Company purchased and retired 283,700 shares of its outstanding common stock for a cost of approximately \$11,170,000, with a remaining authorization under the Repurchase Program of \$138,830,000.

The Company and the Operating Partnership also have an effective shelf registration statement on Form S-3 filed with the SEC for an aggregate amount of \$2.5 billion in common stock, preferred stock, depository shares and guarantees of the Company and debt securities of the Operating Partnership, under which \$600 million of securities have been sold through October 16, 2007 and \$1.9 billion remains available for future issuances.

Off-Balance Sheet Arrangements

Unconsolidated Joint Venture Debt:

The debt of the Company's unconsolidated joint ventures aggregating \$607.8 million at September 30, 2007, is non-recourse to the Company except for customary exceptions pertaining to such matters as intentional misuse of funds, environmental conditions and material misrepresentations. The Company has also posted a \$7.0 million letter of credit in support of the Harborside South Pier joint venture, \$3.5 million of which is indemnified by Hyatt.

The Company's off-balance sheet arrangements are further discussed in Note 4: Investments in Unconsolidated Joint Ventures to the Financial Statements.

The following table outlines the timing of payment requirements related to the Company's debt (principal and interest), PILOT agreements, ground lease and other agreements as of September 30, 2007:

<i>(dollars in thousands)</i>	Total	Payments Due by Period

Total	\$2,822,803	\$167,466	\$869,141	\$720,043	\$987,571	\$78,582

Inflation

The Company's leases with the majority of its tenants provide for recoveries and escalation charges based upon the tenant's proportionate share of, and/or increases in, real estate taxes and certain operating costs, which reduce the Company's exposure to increases in operating costs resulting from inflation.

Item 3. Quantitative and Qualitative Disclosures About Market Risk

Market risk is the exposure to loss resulting from changes in interest rates, foreign currency exchange rates, commodity prices and equity prices. In pursuing its business plan, the primary market risk to which the Company is exposed is interest rate risk. Changes in the general level of interest rates prevailing in the financial markets may affect the spread between the Company's yield on invested assets and cost of funds and, in turn, its ability to make distributions or payments to its investors.

Approximately \$2.0 billion of the Company's long-term debt and other obligations bears interest at fixed rates and therefore the fair value of these instruments is affected by changes in market interest rates. The following table presents principal cash flows based upon maturity dates of the debt obligations and the related weighted-average interest rates by expected maturity dates for the fixed rate debt. The interest rate on the variable rate debt as of September 30, 2007, was LIBOR plus 55 basis points.

(dollars in thousands)

September 30, 2007

Debt, including current portion	Maturity Date						Total	Fair Value
	10/1/07 – 12/31/07	2008	2009	2010	2011	Thereafter		
Fixed Rate	\$4,299	\$31,926	\$310,522	\$336,398	\$302,329	\$979,644	\$1,965,118	\$1,950,805
Average Interest Rate	5.04%	5.23%	7.40%	5.26%	7.91%	5.57%	6.15%	
Variable Rate					\$166,000		\$ 166,000	\$ 166,000

While the Company has not experienced any significant credit losses, in the event of a significant rising interest rate environment and/or economic downturn, defaults could increase and result in losses to the Company which could adversely affect its operating results and liquidity.

Item 4. Controls and Procedures

Disclosure Controls and Procedures. If Gale II fails to pay all or any portion of the Commissions to Gale Investments, then MCRLP shall pay to Gale Investments or its designated successors or assigns up to one-half (1/2) of the amount of such unpaid portion of the Commissions (the "MCRLP Contribution"); provided, however, that the aggregate amount of MCRLP's contributions for the payment of the Commissions, either directly through the payment of the MCRLP Contribution or indirectly through the funding of any capital call properly made for such purpose, shall not exceed \$769,000.
 - ii. MCRLP shall not, directly or indirectly through its affiliates and subsidiaries as a partner in Gale II, object to or block the payment of any Commissions and will consent to and fund any capital call properly made for the same; provided, however, that the aggregate amount of MCRLP's contributions for the payment of the Commissions, either directly in the form of the MCRLP Contribution or indirectly through the funding of any capital call properly made for such purpose, shall not exceed \$769,000.
 - iii. If requested in writing by Gale Investments, MCRLP shall accept the payment of any Commissions on behalf of Gale Investments and distribute such Commissions in accordance with the written instructions of Gale Investments.

- iv. MCRLP hereby undertakes to pay to Gale Investments or its designated successors or assigns any portion of the Commissions received by MCRLP or any of its subsidiaries or affiliates.
- v. It is expressly understood and agreed by the parties to this Agreement that, except for the MCRLP Contribution, MCRLP shall have no obligation to take or cause to be taken any action to solicit the payment of the Commissions.
- vi. In the event that Aventis Inc. does not exercise its expansion option and Gale II becomes entitled to the \$7,000,000 penalty payable to such entity under the terms of the Expansion Option Agreement, any portion of such penalty payable to MCRLP or any of its subsidiaries or affiliates shall not be considered an Excluded Asset and MCRLP shall be entitled to retain such penalty.

4. Expense Reimbursements.

- a. MCRLP hereby waives and forfeits all rights, title and interest to any reimbursement under Section 7.07 of the Non-Portfolio Property Agreement only for services performed by Mark Yeager, whether prior to or after the date hereof.
- b. All other reimbursements under Section 7.07 of the Non-Portfolio Property Agreement for services performed by persons other than Mark Yeager, whether prior to or after the date hereof, shall continue in full force and effect in accordance with the terms thereof; provided, however, that such sum shall not be required to be paid currently, but shall accrue and include a carrying charge of 6% per annum, compounded monthly, commencing on the date hereof (the "Expense Accruals"). The amount of the Expense Accruals shall be credited toward MCRAC's Rock Cash Contribution under Section 2.03(f) of the Non-Portfolio Property Agreement in furtherance of MCRAC's acquisition of the Rock GW Office Interests, subject to the satisfaction of all of the conditions of Section 2.06(b) of the Non-Portfolio Property Agreement. If, as of May 9, 2009, the acquisition of the Rock GW Office Interests by MCRAC has not closed for any reason (other than a breach by MCRAC of its obligations under the Non-Portfolio Property Agreement), then:
 - i. The then outstanding balance of the Expense Accruals, with accrued carrying charges through and as of May 9, 2009 or until paid, plus an additional \$1,000,000 in cash, shall be paid by Gale/Yeager Investments LLC to MCRLP within three (3) business days; and

ii. All other terms and conditions of the Non-Portfolio Property Agreement shall remain in full force and effect.

c. Gale/Yeager Investments LLC hereby pledges to MCRLP, and grants to MCRLP a security interest in, Gale/Yeager Investments LLC's interests in the Rock GW Office Interests, and any related rights to payment, profits, distributions in connection therewith, as the case may be, and all proceeds therefrom, including any securities and moneys received, whether now existing or acquired, as security for the prompt and complete performance of Gale/Yeager Investments LLC's obligations under paragraph (b) of Section 4 of this Agreement.

5. Severability. If any term or other provision of this Agreement is invalid, illegal or incapable of being enforced by any Law or public policy, all other terms and provisions of this Agreement shall nevertheless remain in full force and effect for so long as the economic or legal substance of the transactions contemplated by this Agreement is not affected in any manner materially adverse to either party hereto. Upon such determination that any term or other provision is invalid, illegal or incapable of being enforced, the parties hereto shall negotiate in good faith to modify this Agreement so as to effect the original intent of the parties as closely as possible in an acceptable manner in order that the transactions contemplated by this Agreement are consummated as originally contemplated to the greatest extent possible. If any term or other provision of this Agreement is inconsistent or in conflict with a term or provision of any other oral or written agreement or arrangement between the parties hereto, the terms of this Agreement shall supersede all such prior agreements or arrangements.
6. PFV Capital Call. MCRLP hereby acknowledges and agrees that it will, either directly or indirectly through its affiliates and subsidiaries, consent to any capital call made under the operating agreements of The Gale PFV Investor Company, L.L.C., GMW Village Associates, LLC or GE/Gale Funding LLC relating to MCRLP's interests in The Gale PFV Investor Company, L.L.C. for the purpose of paying accrued and unpaid management fees and expenses, regardless of when earned (collectively, the "PFV Accruals"). MCRLP, either directly or indirectly through its affiliates and subsidiaries, will consent to and fund any capital call properly made for the purpose of paying the PFV Accruals, and in the event of such a capital call, MCRLP further undertakes to pay to Gale Investments or its designated successors or assigns Gale Investments' portion of the PFV Accruals.
7. Governing Law. This Agreement shall be governed by and construed in accordance with the internal laws of the State of Delaware without reference to its principles regarding conflicts of laws.
8. Waiver. Any party to this Agreement may (a) extend the time for the performance of any of the obligations or other acts of the other party, (b) waive any inaccuracies in the representations and warranties of the other party contained herein or in any document delivered by the other party pursuant hereto, or (c) waive compliance with any of the agreements of the other party or conditions to such party's obligations contained herein. Any such extension or waiver shall be valid only if set forth in an instrument in writing signed by the party to be bound thereby. Any waiver of any term or condition shall not be construed as a waiver of any subsequent breach or a subsequent waiver of the same term or condition, or a waiver of any other term or condition of this Agreement. The failure of either party hereto to assert any of its rights hereunder shall not constitute a waiver of any of such rights.

9. Binding Effect. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective heirs, executors, administrators, legal representatives, successors and assigns.
10. Counterparts. This Agreement may be executed and delivered (including by facsimile transmission or portable document format (PDF)) in one or more counterparts, and by the different parties hereto in separate counterparts, each of which when executed shall be deemed to be an original, but all of which taken together shall constitute one and the same agreement.
11. No Third Party Beneficiaries. This Agreement shall be binding upon and inure solely to the benefit of the parties hereto and their respective successors and permitted assigns and nothing herein, express or implied, is intended to or shall confer upon any other person any legal or equitable right, benefit or remedy of any nature whatsoever, under or by reason of this Agreement.
