PROXY STATEMENT

General Information

This Proxy Statement is furnished to stockholders of Mack-Cali Realty Corporation, a Maryland corporation (the "Company"), in connection with the solicitation by the Board of Directors of the Company (the "Board of Directors") of proxies in the accompanying form for use in voting at the Annual Meeting of Stockholders of the Company (the "Annual Meeting") to be held on Wednesday, May 24, 2006 at 2:00 p.m., local time, at the Hyatt Regency Jersey City on the Hudson, Harborside Financial Center, 2 Exchange Place, Jersey City, New Jersey 07302-3901, and any adjournment or postponement thereof.

This Proxy Statement, the Notice of Annual Meeting of Stockholders and the accompanying proxy card are first being mailed to the Company's stockholders on or about April 18, 2006.

Solicitation and Voting Procedures

Solicitation. The solicitation of proxies will be conducted by mail, and the Company will bear all attendant costs. These costs will include the expense of preparing and mailing proxy materials for the Annual Meeting and reimbursements paid to brokerage firms and others for their expenses incurred in forwarding solicitation material regarding the Annual Meeting to beneficial owners of the Company's common stock, par value \$.01 per share (the "Common Stock"). The Company intends to use the services of MacKenzie Partners, Inc., 105 Madison Avenue, 14th Floor, New York, New York 10016, in soliciting proxies and, in such event, the Company expects to pay an amount not to exceed \$10,000, plus out-of-pocket expenses, for such services. The Company may conduct further solicitation personally, telephonically, electronically or by facsimile through its officers, directors and regular employees, none of whom would receive additional compensation for assisting with the solicitation.

Householding of Proxy Materials. In accordance with a notice sent previously to beneficial owners holding shares in street name (for example, through a bank, broker or other holder of record) who share a single address with other similar holders, only one Annual Report and Proxy Statement is being sent to that address unless contrary instructions were received from any stockholder at that address. This practice, known as "householding," is designed to reduce printing and postage costs. Any of such beneficial owners may discontinue householding by writing to the address or calling the telephone number provided for such purpose by their holder of record. Any such stockholder may also request prompt delivery of a copy of the Annual Report or Proxy Statement by contacting the Company at (908) 272-8000 or by writing to Roger W. Thomas, Secretary, Mack-Cali Realty Corporation, 11 Commerce Drive, Cranford, New Jersey 07016-3599. Other beneficial owners holding shares in street name may be able to initiate householding if their holder of record has chosen to offer such service, by following the instructions provided by the record holder.

Voting. Stockholders of record may authorize the proxies named in the enclosed proxy card to vote their shares of Common Stock in the following manner:

- by mail, by marking the enclosed proxy card, signing and dating it, and returning it in the postage-paid envelope provided;
- by telephone, by dialing the toll-free telephone number 1-800-652-8683, within the United States or Canada, and following the instructions. Stockholders voting by telephone need not return the proxy card; and

1

-
- through the Internet, by accessing the World Wide Web site <http://www.computershare.com/expressvote>. Stockholders voting by the Internet need not return the proxy card.

Revocability of Proxies. Any proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is exercised in the same manner in which it was given or by delivering to Roger W. Thomas, Secretary, Mack-Cali Realty Corporation, 11 Commerce Drive, Cranford, New Jersey 07016-3599, a written notice of revocation or a properly executed proxy bearing a later date, or by attending the Annual Meeting and giving notice of your intention to vote in person.

Voting Procedure. The presence at the Annual Meeting of a majority of the outstanding shares of Common Stock of the Company, represented either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. The close of business on April 7, 2006 has been fixed as the record date (the "Record Date") for determining the holders of shares of Common Stock entitled to notice of and to vote at the Annual Meeting. Each share of Common Stock outstanding on the Record Date is entitled to one vote on all matters. As of the Record Date, there were 62,315,357 shares of Common Stock outstanding. Under Maryland law, stockholders will not have appraisal or similar rights in connection with any proposal set forth in this Proxy Statement.

Stockholder votes will be tabulated by the persons appointed by the Board of Directors to act as inspectors of election for the Annual Meeting. The New York Stock Exchange (the "NYSE") permits member organizations to give proxies, whether or not instructions have been received from beneficial owners, to vote as to the election of directors and also on matters of the type contained in Proposal No. 2, but not as to matters of the type contained in Proposal No. 3. Shares represented by a properly executed and delivered proxy will be voted at the Annual Meeting and, when instructions have been given by the stockholder, will be voted in accordance with those instructions. If no instructions are given, the shares will be voted FOR the election of each of the four nominees for director named below and FOR Proposal No. 2. Abstentions and broker non-votes will have no effect on the outcome of the election of directors or Proposal Nos. 2 and 3. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum.

Independence of the Board of Directors

The Board of Directors has adopted the NYSE's standards for determining the independence of its members and believes that it interprets these requirements conservatively. In applying these standards, the Board of Directors considers commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships, among others, in assessing the independence of directors, and must disclose any

16

basis for determining that a relationship is not material. The Board of Directors has determined that a three-fourths majority of its members, namely Martin S. Berger, Alan S. Bernikow, John R. Cali, Nathan Gantcher, Kenneth M. Duberstein, Alan G. Philibosian, Irvin D. Reid, Vincent Tese, and Roy J. Zuckerberg, are independent directors within the meaning of such NYSE independence standards in terms of independence from management. In making this determination, the Board of Directors did not exclude from consideration as immaterial any relationship potentially compromising the independence of any of the above directors. The Board of Directors also has determined that Robert F. Weinberg, if elected at the Annual Meeting, will be an independent director.

In making its determination with respect to John R. Cali, the Board of Directors noted that Mr. Cali, who was an executive officer of the Company until June 27, 2000, is a member of the Cali Group (one of the original contributors of property to the Company), had continued to participate in the health and disability insurance programs of the Company until June 27, 2004, and sits on the Board of Directors as a result of an agreement between the Company and the Cali Group. Until June 26, 2005, the Company continued to provide John J. Cali, Angelo Cali and Ed Leshowitz, the former chairman and former directors of the Company, respectively, with office space free of charge, at the Company's headquarters. The value of this office space to Messrs. Cali, Cali and Leshowitz was \$24,000 for the period January 1, 2005 through June 26, 2005. In addition, up until June 27, 2004, the Company had previously provided administrative support free of charge to Messrs. Cali, Cali and Leshowitz. Commencing June 27, 2004, Messrs. Cali, Cali and Leshowitz agreed to reimburse the Company for the cost of such administrative support services from that date forward. The value of this administrative support to Messrs. Cali, Cali and Leshowitz was approximately \$113,276 in 2004, and the Company was reimbursed \$55,000 and \$115,000 from the Cali Group for the years ended December 31, 2004 and 2005, respectively, in connection with providing such services. John R. Cali is the nephew of John J. Cali, a current member of the Company's Advisory Board who was an officer of the Company from 1994 until June 27, 2000 and also served as a member of the Board of Directors from 1994 until the 2003 Annual Meeting, and is also the son of Angelo Cali, a current member of the Company's Advisory Board who was a member of the Board of Directors from 1994 until December 1997. The Board of Directors nevertheless determined that John R. Cali is an independent director because (i) neither he nor any member of the Cali Group has had a material relationship with management of the Company since June 27, 2000, other than the Cali family's right to designate a nominee to the Board of Directors as described under "Certain Relationships and Related Transactions—Cali Agreement" and the Cali family's rights under the Tax Protection Agreements as described under "Certain Relationships and Related Transactions—Tax Protection Agreements," and (ii) the value of the financial benefits provided to the Cali Group prior to June 26, 2005 is not material to the Company.

In making its determination with respect to Martin S. Berger, the Board of Directors further noted that Mr. Berger and Robert F. Weinberg, a nominee for election to the Board of Directors at the Annual Meeting with whom Mr. Berger shares his board seat, were previously each a designee of The Robert Martin Company (one of the original contributors of property to the Company), and that the service of each of Messrs. Berger and Weinberg on the Board of Directors from 1997 to 2003 was pursuant to an agreement between the Company and Robert Martin executed in connection with the Company's acquisition of 65 Class A properties from Robert Martin in January 1997, whereby the Company granted Robert Martin the right to designate one member to the Board of Directors for six years which ended at the 2003 Annual Meeting. See "Certain Relationships and Related Transactions—Robert Martin Agreement." In addition, Timothy M. Jones, the former President of the Company who resigned on May 7, 2004, was

an affiliate of Robert Martin. Furthermore, the Company has entered into various transactions with RMC Entities whose principles include Messrs. Berger, Weinberg and Jones, as further described in "Certain Relationships and Related Transactions—Acquisitions and Other Transactions." The Board of Directors nevertheless determined that Martin S. Berger (and Mr. Weinberg) is an independent director because (i) the right of Robert Martin to designate a member to the Board of Directors expired at the 2003

Annual Meeting, (ii) neither he nor any member of the Robert Martin Group has had a material relationship with management of the Company since the resignation of Timothy M. Jones on May 7, 2004, and (iii) the value of the transactions between the Company and various RMC Entities is not material to the Company.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act, requires the Company's executive officers, directors and persons who beneficially own more than 10% of the Company's Common Stock to file initial reports of ownership and reports of changes of ownership (Forms 3, 4 and 5) of the Common Stock with the SEC and the NYSE. Executive officers, directors and greater than 10% holders are required by SEC regulations to furnish the Company with copies of such forms that they file.

To the Company's knowledge, based solely on the Company's review of the copies of such reports received by the Company, the Company believes that for the fiscal year 2004, all Section 16(a) filing requirements applicable to its executive officers, directors and greater than 10% beneficial owners were complied with.

Meetings of the Board of Directors

During 2005, the entire Board of Directors met seven times. No director attended fewer than 75% of the total number of meetings of the Board of Directors in 2005 other than Roy J. Zuckerberg who attended 72% of such meetings, and no director attended fewer than 75% of the total number of meetings held in 2005 by all committees of the Board of Directors on which he served other than Nathan Gantcher who attended one of two meetings of the Nominating and Corporate Governance Committee. The Company does not have a formal policy regarding attendance by members of the Board of Directors at the annual meetings of stockholders, but the Company strongly encourages all members of the Board of Directors to attend its annual meetings and expects such attendance except in the event of exigent circumstances. All of the members of the Board of Directors at the time of the 2005 Annual Meeting were in attendance at the 2005 Annual Meeting.

Executive Sessions of the Board of Directors consisting only of non-management directors will be held at least once per year, and periodically as determined by the non-management directors. Such Executive Sessions will typically occur immediately following the regularly scheduled quarterly meetings of the Board of Directors, or at any other time and place as the non-management directors may determine. The presiding director of each Executive Session (the "Presiding Director") shall be rotated on a successive basis amongst the chairmen of the Audit Committee, the Executive Compensation and Option Committee and the Nominating and Corporate Governance Committee, with the term of each Presiding Director commencing with the beginning of the Executive Session at which such Presiding Director shall chair, and continuing through and up to immediately preceding the next regularly scheduled Executive Session. Interested parties may submit matters for consideration to the non-management directors by utilizing the procedures identified under "Stockholder Communications" in this Proxy Statement. During 2005, the non-management directors met in Executive Session four times.

Meetings of Committees of the Board of Directors

The Board of Directors has four committees: the Executive Committee, the Audit Committee, the Executive Compensation and Option Committee, and the Nominating and Corporate Governance Committee.

Executive Committee. The Executive Committee consists of William L. Mack, chairman, John R. Cali, Nathan Gantcher, Mitchell E. Hersh and Roy J. Zuckerberg. The Executive Committee acts for the Board of Directors in between regularly scheduled meetings of the Board of Directors, within certain

parameters prescribed by the Board of Directors. The Executive Committee met four times during 2005, and also acted by unanimous written consent five times during 2005.

Audit Committee. The Audit Committee consists of Alan S. Bernikow, chairman, Nathan Gantcher, Irvin D. Reid and Roy J. Zuckerberg. The Audit Committee authorizes and approves the engagement of the Company's independent registered public accountants, reviews with the Company's independent registered public accountants the scope and results of the audit engagement, approves or establishes pre-approval policies for all professional audit and permissible non-audit services provided by the Company's independent registered public accountants, considers the range of audit and non-audit fees, and reviews the adequacy of the Company's internal control over financial reporting, disclosure controls and procedures and internal audit function. The Audit Committee also assists the Board of Directors in overseeing (1) the integrity of the Company's financial statements, (2) the Company's compliance with legal and regulatory requirements, (3) the Company's independent registered public accountants' qualifications and independence, and (4) the performance of the Company's internal audit function and independent registered public accountants. See "Report of the Audit Committee of the Board of Directors" below. The Board of Directors has determined that each of the members of the Audit Committee is an "independent" director within the meaning of the NYSE Independence Standards and Rule 10A-3 promulgated by the SEC under the Exchange Act. The Board of Directors also has determined that each of Alan S. Bernikow, Nathan Gantcher, Irvin D. Reid and Roy J. Zuckerberg satisfies applicable financial literacy standards of the NYSE, and that Alan S. Bernikow qualifies as an Audit Committee Financial Expert under applicable SEC Rules. In addition to serving on the Audit Committee, Mr. Bernikow currently serves as a member of the audit committee of three other public companies. The Board of Directors has determined that Mr. Bernikow's simultaneous service on the audit committees of these other public companies will not impair his ability to effectively serve on the Company's Audit Committee and fulfill his duties as its chairman. The Audit Committee met five times during 2005.

Executive Compensation and Option Committee. The Executive Compensation and Option Committee consists of Alan G. Philibosian, chairman, Kenneth M. Duberstein and Vincent Tese. The Executive Compensation and Option Committee establishes remuneration levels for executive officers of the Company and implements incentive programs, including the Company's employee and director stock option plans. The Board of Directors has determined that each of the members of the Executive Compensation and Option Committee is an "independent" director within the meaning of the NYSE Independence Standards. The Executive Compensation and Option Committee met two times in 2005.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee consists of Vincent Tese, chairman, Nathan Gantcher and Alan G. Philibosian. The Board of Directors has determined that each of the members of the Nominating and Corporate Governance Committee is an "independent" director within the meaning of the NYSE Independence Standards. The Nominating and Corporate Governance Committee met two times during 2005.

The Nominating and Corporate Governance Committee identifies individuals qualified to become members of the Board of Directors and recommends to the Board of Directors the slate of directors to be nominated at the Annual Meeting. The Nominating and Corporate Governance Committee will consider recommendations for nominees for directorships submitted by stockholders, provided that the Committee will not entertain stockholder nominations from stockholders who do not meet the eligibility criteria for submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. Stockholders may submit written recommendations for committee appointments or recommendations for nominees to the Board of Directors, together with appropriate biographical information and qualifications of such nominees, to the Company's General Counsel following the same procedures as described in "Stockholder Communications" in this Proxy Statement. In order for the Nominating and Corporate Governance Committee to consider a nominee for directorship submitted by a stockholder, such recommendation must be received by the General Counsel by the time period set forth in the Company's

most recent proxy statement for the submission of stockholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act. The General Counsel shall then deliver any such communications to the Chairman of the Nominating and Corporate Governance Committee.

The Nominating and Corporate Governance Committee evaluates all candidates for nomination, whether identified by the committee or proposed by a stockholder, by considering a number of criteria which includes the candidate's reputation, integrity, business acumen, diligence, experience, age, potential conflicts of interest, the ability to act in the interests of all stockholders, and the perceived need of the Board of Directors. When evaluating a nominee's overall qualifications, the Nominating and Corporate Governance Committee does not assign specific weights to particular criteria, and no particular criterion is necessarily required of all prospective nominees. In addition to the aforementioned criteria, when evaluating a director for re-nomination to the Board of Directors, the Nominating and Corporate Governance Committee will also consider the director's history of attendance at board and committee meetings, the director's preparation for and participation in such meetings, and the director's tenure as a member of the Board of Directors.

Available Information

The Board of Directors has adopted written charters for the Audit Committee, the Executive Compensation and Option Committee, and the Nominating and Corporate Governance Committee. The Company makes available free of charge on or through its internet website items related to corporate governance matters, including, among other things, the Company's corporate governance principles, charters of various committees of the Board of Directors, and the Company's code of business conduct and ethics applicable to all employees, officers and directors. The Company's internet website is www.mack-cali.com. The Company intends to disclose on its internet website any amendments to or waivers from its code of business conduct and ethics as well as any amendments to its corporate governance principles or the charters of various committees of the Board of Directors. Any stockholder also may obtain copies of these documents, free of charge, by sending a request in writing to: Mack-Cali Realty Corporation, Investor Relations Department, 11 Commerce Drive, Cranford, NJ 07016-3599.

Stockholder Communications

All stockholder communications must (i) be addressed to the General Counsel of the Company at the address of the Company or at the General Counsel's internet e-mail address, (ii) be in writing either in print or electronic format, (iii) be signed by the stockholder sending the communication, (iv) indicate whether the communication is intended for the entire Board of Directors, the Nominating and Corporate Governance Committee, or the Presiding Director of Executive Sessions of non-management directors, (v) if the communication relates to a stockholder proposal or director nominee, identify the number of shares held by the stockholder, the length of time such shares have been held, and the stockholder's intention to hold or dispose of such shares, provided that the Board of Directors and the Nominating and Corporate Governance Committee will not entertain stockholder proposals or stockholder nominations from stockholders who do not meet the eligibility and procedural criteria for submission of shareholder proposals under SEC Rule 14a-8 of Regulation 14A under the Exchange Act, and (vi) if the communication relates to a director nominee being recommended by the stockholder, must include appropriate biographical information of the candidate.

Upon receipt of a stockholder communication that is compliant with the requirements identified above, the General Counsel shall promptly deliver such communication to the appropriate board or committee member(s) identified by the stockholder as the intended recipient of such communication by forwarding the communication to either the Chairman of the Board of Directors with a copy to the Chief Executive Officer, the Chairman of the Nominating and Corporate Governance Committee, or the acting Presiding Director of the Executive Sessions of non-management directors, as the case may be.

The General Counsel may, in his sole discretion and acting in good faith, provide copies of any such stockholder communication to any one or more directors and executive officers of the Company, except that in processing any stockholder communication addressed to the Presiding Director of the Executive Sessions of non-management directors, the General Counsel may not copy any member of management in forwarding such communication to the acting Presiding Director.

Policies Relating to the Election of Directors

Elections of the Board of Directors are conducted in accordance with the Company's charter, bylaws and the laws of the state of Maryland and provide that directors are to be elected at a meeting of the Company's stockholders by a plurality of the votes cast. Under the Company's Corporate Governance Principles, if in any uncontested election of directors, a director nominee has a greater number of votes "withheld" from his or her election than votes cast "for" his or her election, such director nominee shall promptly tender his or her resignation for consideration by the Nominating and Corporate Governance Committee. A vote will be considered "withheld" from a director nominee if a stockholder withholds authority to vote for such director nominee in any proxy granted by such stockholder in accordance with instructions contained in the proxy statement or accompanying proxy card circulated for the meeting of stockholders at which the election of directors is to be held. The Nominating and Corporate Governance Committee will then promptly evaluate all relevant factors relating to the election results, including, but not limited to: (i) the underlying reasons why a majority of affirmative votes was not received (if ascertainable), (ii) the director's background, experience and qualifications, (iii) the director's length of service on the Board and contributions to the Company, and (iv) whether the director's service on the Board is consistent with applicable regulatory requirements, listing standards, the Company's Corporate Governance Principles and the corporate governance guidelines of independent voting advisory services such as Institutional Shareholder Services.

Subject to any applicable legal or regulatory requirements, the Nominating and Corporate Governance Committee shall, within ninety (90) days from the date of the stockholder vote, decide whether to accept the resignation, reject the resignation or, if appropriate, conditionally reject the resignation and retain the director in office only if the underlying causes of the withheld votes can be promptly and completely cured. A full explanation of the Nominating and Corporate Governance Committee's decision will be promptly publicly disclosed in a periodic or current report filed with the Securities and Exchange Commission. Any director who tenders his or her resignation pursuant to this principle and any non-independent director will not participate in the deliberations and decisions made hereunder. In addition, a director shall tender his or her resignation for consideration by the Nominating and Corporate Governance Committee if such director's principal occupation or business association changes substantially during his or her tenure as a director.

Report of the Audit Committee of the Board of Directors

The Audit Committee of the Board of Directors, on behalf of the Board of Directors, serves as an independent and objective party to monitor and provide general oversight of the Company's financial accounting and reporting process, selection of critical accounting policies, system of internal control, internal audit function, audit process for monitoring compliance with laws and regulations and the Company's standards of business conduct. The Audit Committee performs these oversight responsibilities in accordance with its charter.

The Company's management has primary responsibility for preparing the Company's financial statements and the Company's financial reporting process, including its system of internal control over financial reporting. The Company's independent registered public accountants, PricewaterhouseCoopers LLP, are responsible for expressing opinions on the conformity of the Company's 2005 audited financial statements to accounting principles generally accepted in the United States of America and management's

assessment and the effectiveness of the Company's internal control over financial reporting as of December 31, 2005. The Audit Committee discussed with the Company's independent registered public accountants the overall scope and plans for its audits. The Audit Committee met with the Company's independent registered public accountants, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal control over financial reporting, and the overall quality of the Company's financial reporting.

In this context, the Audit Committee hereby reports as follows:

1. The Audit Committee has reviewed and discussed the fiscal 2005 audited financial statements with the Company's management, including the quality, not just the acceptability, of the Company's accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements;
2. The Audit Committee has discussed with the Company's independent registered public accountants their judgments as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed by SAS 61 (Codification of Statements on Auditing Standards, AU, 380), as may be modified or supplemented;
3. The Audit Committee has received the written disclosures and the letter from the Company's independent registered public accountants required by Independence Standards Board Standard No. 1 (Independence Standards Board Standard No. 1, Independence Discussions with Audit Committees), as may be modified or supplemented, and has discussed with the Company's independent registered public accountants the independent registered public accountants' independence from management and the Company and considered the compatibility of non-audit services with the Company's independent registered public accountants' independence; and
4. Based on the review and discussions referred to in paragraphs (1) through (3) above, the Audit Committee recommended to the Board of Directors (and the Board of Directors has approved) that the audited financial statements be included in the Company's Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the SEC.

The foregoing Audit Committee Report does not constitute soliciting material and shall not be deemed filed or incorporated by reference into any other Company filing under the Securities Act of 1933, as amended, or Exchange Act, except to the extent the Company specifically incorporates this Audit Committee Report by reference therein.

Each of the members of the Audit Committee is independent as defined under the standards of the NYSE and the SEC, and meets all other requirements of such exchange and of such rules of the SEC.

COMPENSATION OF DIRECTORS

Directors' Fees. In 2005, each non-employee director was paid an annual fee of \$30,000, plus \$1,000 for attendance at, or telephonic participation in, any board or committee meeting. The Chairmen of each of the Audit Committee and the Executive Committee were paid an additional annual fee of \$10,000. The Chairmen of each of the Nominating and Corporate Governance Committee and the Executive Compensation and Option Committee were paid an additional annual fee of \$5,000. The Company does not pay director fees to employee directors, who in fiscal 2005 consisted of Mitchell E. Hersh. Each director also was reimbursed for expenses incurred in attending board and committee meetings. For fiscal year 2005, the Company's non-employee directors received directors' fees or fee equivalents (see "Compensation of Directors—Directors' Deferred Compensation Plan" below) in the amounts set forth in the table below. Beginning in 2006, the fee paid for attendance at, or telephonic participation in, any board or committee meeting was increased from \$1,000 to \$1,500 per meeting.

Directors' Deferred Compensation Plan. Pursuant to the Directors' Deferred Compensation Plan, effective as of January 1, 1999, each non-employee director is entitled to defer all or a specified portion of the annual fee to be paid to such director. The account of a director who elects to defer such compensation under the Directors' Deferred Compensation Plan is credited with the hypothetical number of stock units, calculated to the nearest thousandths of a unit, determined by dividing the amount of compensation deferred on the deferral date by the closing market price of the Company's Common Stock as reported on the Consolidated Tape of NYSE listed shares on the deferral date. Any stock dividend declared by the Company on its Common Stock results in a proportionate increase in units in the director's account as if such director held shares of Common Stock equal to the number of units in such director's account. Payment of a director's account may only be made in a lump sum in shares of Common Stock equal to the number of units in a director's account after either the director's service on the Board of Directors has terminated or there has been a change in control of the Company. In 2005, the director accounts of William L. Mack, Nathan Gantcher, Martin D. Gruss, David S. Mack, Alan G. Philibosian, Irvin D. Reid, Vincent Tese and Roy J. Zuckerberg were credited with the stock units set forth in the table below.

Gruss, who resigned from the Board of Directors effective June 30, 2005, which term shall expire at the 2007 annual meeting of stockholders. Mr. Duberstein was granted 1,000 shares of restricted stock and an option to purchase 5,000 shares of common stock in connection with his appointment to the Board of Directors. The restricted shares vested on January 1, 2006, and the option will vest on September 13, 2006.
 - (5) Mr. Gruss resigned from the Board of Directors effective June 30, 2005. Mr. Gruss received 4,921 shares of common stock upon the settlement of phantom stock units in connection with his resignation from the Board of Directors. Mr. Gruss also received \$45.30, representing the cash-out of .883 fractional shares of common stock issued upon the settlement of phantom stock units in connection with his resignation from the Board of Directors. In addition, Mr. Gruss forfeited 1,000 unvested shares of restricted stock in connection with his resignation.
 - (6) Mr. Weinberg resigned from the Board of Directors immediately following the 2005 Annual Meeting and became a member of the Company's Advisory Board. See "Certain Relationships and Related Transactions—Robert Martin Agreement."

Directors' Stock Option Plans. The Company has two equity compensation plans pursuant to which equity compensation awards to non-employee members of the Board of Directors may be made: the Amended and Restated 2000 Director Stock Option Plan of Mack-Cali Realty Corporation (the "2000 Director Stock Option Plan"), and the Mack-Cali Realty Corporation 2004 Incentive Stock Plan (the "2004 Incentive Plan"). References to the "Director Option Plans" herein refer to the 2000 Director Stock Option Plan and the 2004 Incentive Plan, collectively. Pursuant to the Director Option Plans, each non-employee director is automatically granted a non-qualified option to purchase 5,000 shares of Common Stock in connection with the director's initial election or appointment to the Board of Directors. These grants under the Director Option Plans are made at an exercise price equal to the "fair market value" (as defined under the Director Option Plans) at the time of the grant of the shares of Common Stock subject to such option. The Executive Compensation and Option Committee may make additional discretionary option grants to eligible directors, consistent with the terms of the Director Option Plans. The Board of Directors may amend, suspend or terminate the Director Option Plans at any time, except that any amendments that would constitute a material revision to either of the Director Option Plans must be submitted for stockholder approval pursuant to applicable NYSE rules. In 2005, 5,000 discretionary options and 14,200 shares of restricted stock were granted to the non-employee members of the Board of Directors pursuant to the Director Option Plans.

- (11) In July 1999, the Company entered into amended and restated employment agreements with each of Messrs. Hersh, Lefkowitz, and Thomas, pursuant to which Messrs. Hersh, Lefkowitz, and Thomas were issued 62,500, 26,094 and 22,031 shares of restricted stock, respectively, the vesting of which is contingent upon the satisfaction of certain performance requirements. There are certain tax gross-up payments that have been and will be made upon vesting of such shares of restricted stock. In March 2001, Mr. Thomas was issued 1,000 shares of restricted stock, the vesting of which is contingent upon the satisfaction of certain performance requirements. In December 1999 and March 2001, Mr. Grossman was issued 4,000 and 18,519 shares of restricted stock, respectively, the vesting of which is contingent upon the satisfaction of certain performance requirements. There have been and will be made certain tax gross-up payments upon vesting of the shares of restricted stock granted to Messrs. Thomas and Grossman in 1999 and 2001. See "Employment Contracts; Termination of Employment." The shares of restricted stock vest with respect to the recipient on either an annual basis over a five-year vesting period or on a cumulative basis over a seven-year maximum vesting period.

The number of shares of restricted stock scheduled to be vested and earned on each vesting date on an annual basis, provided certain performance requirements set forth in the following sentence are satisfied, generally is equal to 15% of the restricted stock on the vesting date in year one, 15% of the restricted stock on the vesting date in year two, 20% of the restricted stock on the vesting date in year three, and 25% of the restricted stock on the vesting date in each of year four and year five. Vesting of the restricted stock on an annual basis commenced January 1, 2000, provided one of the following financial tests is met for the measurement period ending on the last day of the Company's fiscal year immediately preceding such vesting date: (A) the Company achieves an eight percent (8%) increase in its funds from operations per common share or (B) stockholders achieve a twelve and three quarters percent (12.75%) total return (dividends, assuming reinvestment upon applicable payment date, plus stock appreciation per share of Common Stock). The Company met the first of such tests for the measurement period ended December 31, 1999, and the corresponding shares of restricted stock vested on January 1, 2000. The Company also met the first of such tests for the measurement period ended December 31, 2000. On January 1, 2001, the following shares of restricted stock vested: 9,375, 3,914, 3,305, and 600 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, together with tax gross-up payments relating thereto. The value of the vested restricted stock and the tax gross-up payments relating thereto are based upon a \$28.2656 stock price, which was the price of the Company's Common Stock on the date of vesting. The Company also met the test set forth in (A) above for the measurement period ended December 31, 2001. On January 1, 2002, the following shares of restricted stock vested: 12,500, 5,218, 4,706, and 6,355 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, together with tax gross-up payments relating thereto. The value of the vested restricted stock for the measurement period ended December 31, 2001, and the tax gross-up payments relating thereto are based upon a \$30.5225 stock price, which was the price of the Company's Common Stock on the date of vesting.

On January 2, 2003, the Company, with the consent of Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, amended the existing restricted stock agreements of each such Named Executive Officer to (i) vest the shares of restricted stock scheduled to vest in 2003 (which otherwise would not have vested in 2003), (ii) lengthen the vesting period for the shares of restricted stock scheduled to vest in 2004 by four years and (iii) replace the existing performance targets with performance targets determined annually by the Executive Compensation and Option Committee in each applicable year. In addition, on January 2, 2003, Messrs. Hersh, Lefkowitz, Thomas, and Grossman were issued 60,000, 28,000, 24,000, and 20,000 shares of restricted stock, respectively. There are certain tax gross-up payments that will be made upon vesting of such shares of restricted stock and the prior shares of restricted stock. With respect to the shares of restricted stock issued in 2003, as well as prior unvested shares of restricted stock, the number of shares scheduled to be vested and earned on each vesting date on an annual basis during the five to seven year vesting period, provided certain performance requirements are satisfied, generally is equal to 15% of such restricted stock on the vesting date in year one, 15% of such restricted stock on the vesting date in year two, 20% of such restricted stock on the vesting date in year three, 25% of such restricted stock on the vesting date in year four and 25% of such restricted stock on the vesting date in year five, with any unvested shares of restricted stock carried forward into subsequent years including year six and year seven. See "Employment Contracts; Termination of Employment." On January 2, 2003, the following shares of restricted stock vested: 15,625, 6,523, 5,858, and 7,482 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, together with tax gross-up payments relating thereto. The value of such vested restricted stock, and the tax gross-up payments relating thereto, are based upon a \$29.73 stock price, which was the price of the Company's Common Stock on the date of vesting.

On January 1, 2004, the following shares of restricted stock vested: 11,344, 5,179, 4,478, and 4,122 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively. The value of such restricted stock and the tax gross-up payments relating thereto is based upon a \$41.08 stock price, which was the price of the Company's Common Stock on the date of vesting.

On January 1, 2005, the following shares of restricted stock vested: 11,344, 5,179, 4,478 and 4,122 shares for Messrs. Hersh, Lefkowitz, Thomas and Grossman, respectively. The value of such restricted stock and the tax gross-up payments relating thereto is based upon a \$45.85 stock price, which was the price of the Company's Common Stock on the date of vesting.

On January 1, 2006, the following shares of restricted stock vested: 15,125, 6,905, 5,972, and 5,496 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively. Employment Contracts; Termination of Employment

Mitchell E. Hersh Employment Agreement. On July 1, 1999, following the appointment of Mitchell E. Hersh as Chief Executive Officer of the Company on April 18, 1999, the Company and Mr. Hersh amended and restated Mr. Hersh's employment agreement with the Company (the "Amended and Restated Hersh Agreement"), providing for a constant four year term. In May 2004, Mr. Hersh was appointed to the additional position of President of the Company. Mr. Hersh's current annual base salary is \$1,050,000, with annual increases within the discretion of the Executive Compensation and Option Committee. Mr. Hersh also is eligible to receive an annual bonus, restricted share awards and options within the discretion of the Board of Directors or the Executive Compensation and Option Committee, as the case may be. Pursuant to the Employee Option Plans (as defined hereafter), Mr. Hersh was awarded 62,500 shares of restricted stock as of July 1, 1999, and with respect to each tax year in which such shares of restricted stock vest and are distributed to him, Mr. Hersh is entitled to receive a tax gross-up payment from the Company equal to forty-three percent (43%) of the fair market value of such restricted shares at the time of vesting, exclusive of dividends (the "Tax Gross-Up Payments"). Mr. Hersh is required to devote substantially all of his business time to the affairs of the Company and, subject to certain excluded activities, generally is restricted during the term of his employment and in the event his employment is terminated by the Company for cause (as defined in the Amended and Restated Hersh Agreement) or by him without good reason (as defined in the Amended and Restated Hersh Agreement), for a period of one year thereafter, from conducting any office-service, flex or office property development, acquisition or management activities within the continental United States. Mr. Hersh is entitled to (i) receive the aggregate of a cash payment of \$8,000,000 (the "Fixed Amount"), reimbursement of expenses incurred prior to the date of termination, and the Tax-Gross-Up Payments applicable to any vested shares of restricted stock, (ii) immediate vesting of all options and incentive compensation payments or programs otherwise subject to a vesting schedule, (iii) require the Company to repurchase his vested options and (iv) receive continuation of health coverage through the end of his unexpired employment period should his employment be terminated by the Company without cause, by him for good reason or on account of his disability (as defined in the Amended and Restated Hersh Agreement) or death. Should Mr. Hersh terminate his employment on or within six months following a change in control (as defined in the Amended and Restated Hersh Agreement), Mr. Hersh's termination shall be treated as a termination for good reason.

In addition, upon a change in control, and irrespective of whether Mr. Hersh's employment is terminated, the vesting of all options and other incentive compensation is accelerated and Mr. Hersh is entitled to receive a tax gross-up payment to cover any excise taxes payable due to the change in control. On January 2, 2003, the Company, with the consent of Mr. Hersh, amended Mr. Hersh's 1999 restricted stock grant to vest the 15,625 shares of restricted stock scheduled to vest in 2003 (which otherwise would not have vested), lengthen the vesting period of the remaining 15,625 unvested shares of restricted stock scheduled to vest in 2004 by four years, and replace the existing performance goals with an annual performance goal to be set by the Executive Compensation and Stock Option Committee at the beginning

of each year (the "2003 Hersh Restricted Stock Amendment"). Executive Compensation and Option Committee Interlocks and Insider Participation

The Executive Compensation and Option Committee consists of Alan G. Philibosian, chairman, Kenneth M. Duberstein and Vincent Tese. There are no interlocking relationships involving the Company's Board of Directors or the Executive Compensation and Option Committee and the board of directors or compensation committee of any other company, which would require disclosure under the executive compensation rules of the SEC.

Report of the Executive Compensation and Option Committee of the Board of Directors on Executive Compensation

Notwithstanding anything to the contrary set forth in any of the Company's previous filings under the Securities Act of 1933, as amended, or the Exchange Act that might incorporate future filings, including this Proxy Statement, in whole or in part, the following report and the Performance Graph which follows shall not be deemed to be incorporated by reference into any such filings. Kenneth M. Duberstein, a member of the Executive Compensation and Option Committee as of March 28, 2006, was not a member of said committee at any time during 2005 and did not participate in the deliberations of said committee with respect to compensation paid in 2005, and as such is not a signatory to the following report. In addition, Martin D. Gruss resigned from the Executive Compensation and Option Committee when he resigned from the Board of Directors effective June 30, 2005, and also did not participate in the deliberations of said committee with respect to compensation paid in 2005, and as such is not a signatory to the following report.

Executive Compensation Philosophy. The Executive Compensation and Option Committee will annually consider the appropriate combination of cash and stock-based compensation and weigh the competitiveness of the Company's overall compensation arrangements in relation to comparable real estate investment trusts. From time to time, the Executive Compensation and Option Committee may retain compensation and other management consultants to assist with, among other things, structuring the Company's various compensation programs and determining appropriate levels of salary, bonus and other compensatory awards payable to the Company's executive officers and key employees, as well as to guide the Company in the development of near-term and long-term individual performance objectives necessary to achieve long-term profitability. The Executive Compensation and Option Committee believes that a fundamental goal of the Company's executive compensation program should be to provide incentives to create value for the Company's stockholders.

Base Salaries. The base compensation levels for the Company's executive officers in 2005 were set to compensate the executive officers for the functions they will perform as well as to be consideration for certain non-competition provisions in the employment agreements, and were based on the employment agreements entered into in December 1997, as amended and restated in July 1999 (in December 2000 for Mr. Grossman). The Company believes that the base salaries generally are appropriate as base compensation to compensate the Company's executive officers for the functions they perform and other considerations. Base salaries will be reviewed annually and may be increased by the Executive Compensation and Option Committee or the President and Chief Executive Officer, as the case may be, in accordance with certain criteria determined primarily on the basis of growth of revenues and funds from operations per share of Common Stock and on the basis of certain other factors, which include (i) individual performance, (ii) the functions performed by the executive officer and (iii) changes in the compensation peer group in which the Company competes for executive talent. The weight given such factors by the Executive Compensation and Option Committee may vary from individual to individual.

Annual Bonus Compensation. The Company's policy of awarding annual cash bonuses is designed to specifically relate executive pay to Company and individual performance. As a pay-for-performance program, cash bonuses provide financial rewards for the achievement of substantive Company objectives. Actual awards paid are based primarily on actual Company performance. During 2005, discretionary incentive and merit cash bonuses in recognition of services performed during fiscal 2005 were awarded as follows: \$625,000 to Mitchell E. Hersh, \$350,000 to Barry Lefkowitz, \$300,000 to Roger W. Thomas, and \$350,000 to Michael A. Grossman.

Employee Stock Option Plans. The Company has two employee stock option plans: the 2000 Employee Stock Option Plan of Mack-Cali Realty Corporation (the "2000 Employee Stock Option Plan") and the 2004 Incentive Plan. References to the "Employee Option Plans" herein refer to the Employee Stock Option Plan and the 2004 Incentive Plan, collectively. Awards are granted under the Employee Option Plans based on a number of factors, including (i) the executive officer's or key employee's position in the Company, (ii) his or her performance and responsibilities, (iii) the extent to which he or she already holds an equity stake in the Company, (iv) equity participation levels of comparable executives and key employees at other companies in the compensation peer group and (v) individual contribution to the success of the Company's financial performance. However, the Employee Option Plans do not provide any formulated method for weighing these factors, and a decision to grant an award is based primarily upon the Executive Compensation and Option Committee's evaluation of the past as well as the future anticipated performance and responsibilities of the individual in question.

The Company's Employee Option Plans relate closely to traditional forms of equity oriented compensation in the commercial real estate industry. The purpose of the option and other stock based grants is to aid the Company in attracting and retaining quality employees, and advancing the interest of the Company's stockholders by offering employees an incentive to maximize their efforts to promote the Company's economic performance. In addition, to assist the Company in retaining employees and encouraging them to seek long-term appreciation in the value of the Company's stock, awards generally

are not exercisable immediately upon grant, but instead vest over a specified period. Accordingly, an employee must remain with the Company for a specified period to enjoy the full economic benefit of an award.

On January 2, 2003, pursuant to the approval of the Executive Compensation and Option Committee and the Board of Directors in December 2002, restricted stock was awarded under the Company's Employee Stock Option Plan as follows: 60,000 shares to Mitchell E. Hersh, 28,000 shares to Barry Lefkowitz, 24,000 shares to Roger W. Thomas, and 20,000 shares to Michael A. Grossman. See "Employment Contracts; Termination of Employment." In addition, on January 2, 2003, pursuant to the approval of the Executive Compensation and Option Committee and the Board of Directors in December 2002, certain shares of restricted stock that would otherwise have failed to vest as of December 31, 2002 were vested, as of January 2, 2003, for each of the Named Executive Officers and the terms of the unvested shares of restricted stock for each of the Named Executive Officers remaining from the July 1999 grants were amended, all as described in "Employment Contracts; Termination of Employment" above. All of these actions were taken because, in the Executive Compensation and Option Committee's judgment, Company management had performed well in difficult economic times and the failure to meet the July 1999 vesting criteria for the shares that otherwise would have vested on January 2, 2003 was due largely to the lack of appreciation in the Company's stock price due to the general poor performance of the United States equity markets, for which the executives should not be penalized. The Executive Compensation and Option Committee also concluded that annually set flexible criteria rather than rigid numerical criteria set several years in advance was a more proper incentive to senior management performance. Accordingly, the Executive Compensation and Option Committee recommended to the full Board of Directors, and the Board of Directors approved, vesting the fourth tranche of the 1999 restricted stock award and amending the fifth and final tranche to conform to the new 2003 grants, so that the fifth tranche, as amended, and the new 2003 grants, in the aggregate, would be subject to a new five to seven year vesting schedule and to new annually established performance criteria. The Executive Compensation and Option Committee concluded that this was an appropriate method of rewarding and creating adequate performance incentives for Company management and was consistent with programs for senior executives in place at comparable companies, both within and without the REIT industry.

On December 2, 2003, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors (i) determined to vest the first of such five (5) year tranches of restricted stock remaining from the July 1999 and January 2003 grants, as of January 1, 2004, in the amount of 11,344, 5,179, 4,478, and 4,122 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, and (ii) awarded shares of restricted stock, together with related tax gross-up payments, under the Company's 2000 Employee Stock Option Plan as follows: 12,448 shares to Mitchell E. Hersh, 7,469 shares to Barry Lefkowitz, 6,224 shares to Roger W. Thomas, and 6,100 shares to Michael A. Grossman.

On December 7, 2004, pursuant to the recommendation of the Executive Compensation and Option Committee, and in light of the Company's achievement of its business plan and its performance in 2004 in difficult economic times, the Board of Directors (i) determined to vest the second of such five (5) year tranches of restricted stock remaining from the July 1999 and January 2003 grants, as of January 1, 2005, in the amount of 11,344, 5,179, 4,478 and 4,122 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, and to pay the related tax gross-up payments and (ii) awarded shares of restricted stock, together with related tax gross-up payments, under the Company's 2000 Employee Stock Option Plan as follows: 13,514 shares to Mitchell E. Hersh, 7,568 shares to Barry Lefkowitz, 6,487 shares to Roger W. Thomas, and 6,487 shares to Michael A. Grossman.

On December 6, 2005, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors (i) determined to vest the third of such five (5) year tranches of restricted stock remaining from the July 1999 and January 2003 grants, as of January 1, 2006, in the

amount of 15,125, 6,905, 5,972, and 5,496 shares for Messrs. Hersh, Lefkowitz, Thomas, and Grossman, respectively, and to pay the related tax gross-up payments and (ii) awarded shares of restricted stock, together with related tax gross-up payments, under the Company's 2000 Employee Stock Option Plan as follows: 14,600 shares to Mitchell E. Hersh, 8,176 shares to Barry Lefkowitz, 7,008 shares to Roger W. Thomas, and 8,176 shares to Michael A. Grossman. These shares are subject to a six (6) month restriction on transfer. See "Employment Contracts; Termination of Employment."

401(k) Savings Plan. The Company also maintains a tax-qualified 401(k) savings plan for its eligible employees known as the “Mack-Cali Realty Corporation 401(k) Savings/Retirement Plan” (the “401(k) Plan”). Employees who have attained age 21 and completed one-half year of service with the Company are eligible to participate and may elect to defer from 1% up to 30% of their annual compensation on a pre-tax basis to the 401(k) Plan, subject to certain limitations imposed by federal law. The amounts contributed by employees are immediately vested and non-forfeitable. The Company may make discretionary matching or profit sharing contributions to the 401(k) Plan on behalf of eligible participants in any plan year. In 2005, the Company made discretionary matching contributions of \$3,025 to the 401(k) Plan for the plan year ended December 31, 2004 on behalf of each of the Named Executive Officers. Participants are always 100% vested in their pre-tax contributions and will begin vesting in any matching or profit sharing contributions made on their behalf after two years of service with the Company at a rate of 20% per year, becoming 100% vested after a total of six years of service with the Company. The assets of the 401(k) Plan are held in trust and a separate account is established for each participant. A participant may receive a distribution of his vested account balance in the 401(k) Plan in a single sum or installment payment or in the form of an annuity upon his termination of service with the Company.

Chief Executive Officer Compensation. Mitchell E. Hersh, the President and Chief Executive Officer of the Company, received a base salary during 2005 of \$1,050,000 pursuant to the employment agreement entered into in December 1997, as amended and restated in July 1999. Mr. Hersh also was paid a cash bonus of \$625,000 in recognition of services performed during fiscal 2005. Mr. Hersh received no fees for his service as a director of the Company during fiscal 2005. The Executive Compensation and Option Committee recognizes Mr. Hersh’s contributions to the Company’s operations and attempts to ensure that the President and Chief Executive Officer’s compensation is commensurate with the compensation of chief executive officers of comparable corporations. In December 2002, the Executive Compensation and Option Committee recommended that the Board of Directors approve and the Board of Directors did approve the grant, effective January 2, 2003, of 60,000 additional shares of restricted stock to Mr. Hersh as described under “Employee Stock Option Plans” above. On December 7, 2004, pursuant to the recommendation of the Executive Compensation and Option Committee, the Board of Directors declared 11,344 shares of restricted stock previously granted to Mr. Hersh fully vested as of January 1, 2005. In addition, on December 6, 2005, the Executive Compensation and Option Committee recommended that the Board of Directors approve and the Board of Directors did approve the grant, effective December 6, 2005, of 14,600 additional shares of restricted stock to Mr. Hersh as described under “Employee Stock Option Plans” above. The Board of Directors deemed such bonus, restricted stock awards and Mr. Hersh’s total compensation appropriate in light of Mr. Hersh’s substantial contribution to the Company’s growth and success in 2005.

**PROPOSAL NO. 2
RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

PricewaterhouseCoopers LLP served as the Company’s independent registered public accountants for the fiscal year ended December 31, 2005, and has been appointed by the Audit Committee to continue as the Company’s independent registered public accountants for the fiscal year ending December 31, 2006. In the event that ratification of this appointment of the Company’s independent registered public accountants is not approved by the affirmative vote of a majority of votes cast on the matter, then the appointment of the Company’s independent registered public accountants will be reconsidered by the Audit Committee. Unless marked to the contrary, proxies received will be voted for ratification of the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2006.

A representative of PricewaterhouseCoopers LLP is expected to be present at the Annual Meeting. The representative will have an opportunity to make a statement and will be able to respond to appropriate questions.

Your ratification of the appointment of PricewaterhouseCoopers LLP as the Company’s independent registered public accountants for the fiscal year ending December 31, 2006 does not preclude the Board of Directors from terminating its engagement of PricewaterhouseCoopers LLP and retaining a new independent registered public accounting firm, if it determines that such an action would be in the best interests of the Company. If the Company elects to retain a new independent registered public accounting firm, such independent registered public accountants will be another “Big 4” accounting firm.

The Company was billed for professional services rendered in 2005 by PricewaterhouseCoopers LLP, the details of which are disclosed below.

Pre-Approval Policies and Procedures

Pursuant to its charter, the Audit Committee has the sole authority to appoint or replace the Company’s independent registered public accountants (subject, if applicable, to stockholder ratification). The Audit Committee is directly responsible for the compensation and oversight of the work of the Company’s independent registered public accountants (including resolution of disagreements between management and the Company’s independent registered public accountants regarding financial reporting) for the purpose of preparing or issuing an audit report or related work. The Company’s independent registered public accountants are engaged by, and report directly to, the Audit Committee.

The Audit Committee pre-approves all auditing services and permitted non-audit services (including the fees and terms thereof) to be performed for the Company by its independent registered public accountants, subject to the *de minimis* exceptions for non-audit services described in Section 10A(i)(1)(B) of the Exchange Act and SEC Rule 2-01(c)(7)(i)(C) of Regulation S-X, all of which are approved by the Audit Committee prior to the completion of the audit. In the event pre-approval for such auditing services and permitted non-audit services cannot be obtained as a result of inherent time constraints in the matter for which such services are required, the Chairman of the Audit Committee has been granted the authority to pre-approve such services, provided that the estimated cost of such services on each such occasion does not exceed \$75,000, and the Chairman of the Audit Committee reports for ratification such pre-approval to the Audit Committee at its next scheduled meeting. The Audit Committee has complied with the procedures set forth above, and has otherwise complied with the provisions of its charter.

Audit Fees

The aggregate fees incurred by the Company and its consolidated subsidiaries for fiscal years ended December 31, 2005 and 2004 for professional services rendered by PricewaterhouseCoopers LLP in connection with (i) the audit of the Company’s annual financial statements, (ii) the review of the financial statements included in the Company’s Quarterly Reports on Form 10-Q for the quarters ended March 31, June 30, and September 30, (iii) consents and comfort letters issued in connection with debt and equity offerings and registration statements and (iv) services provided in connection with statutory and regulatory filings or engagements, including attestation services required by Section 404 of the Sarbanes-Oxley Act of 2002, were \$852,195 and \$903,200, respectively.

Audit-Related Fees

The aggregate fees incurred by the Company for fiscal years ended December 31, 2005 and 2004 by PricewaterhouseCoopers LLP for assurance and related services in connection with (i) the performance of the audit or review of the Company’s financial statements, including 401(k) plan audits, (ii) due diligence assistance and (iii) assistance with compliance with Section 404 of the Sarbanes-Oxley Act of 2002, were \$35,000 and \$57,000, respectively.

Tax Fees

The aggregate fees incurred by the Company for fiscal years ended December 31, 2005 and 2004 for professional services rendered by PricewaterhouseCoopers LLP for tax compliance, tax advice and tax planning were \$95,000 and \$90,000, respectively. These services consisted of reviewing the Company's tax returns.

All Other Fees

The Company did not incur any other fees for fiscal years ended December 31, 2005 and 2004 for services rendered by PricewaterhouseCoopers LLP.

Vote Required and Board of Directors' Recommendation

Assuming a quorum is present, the affirmative vote of a majority of the votes cast at the Annual Meeting, either in person or by proxy, is required for approval of this proposal. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS THE COMPANY'S INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2006.

PROPOSAL NO. 3 SHAREHOLDER PROPOSAL

The Massachusetts State Carpenters Pension Fund, 350 Fordham Road, Wilmington, MA 01887, owner of approximately 1,400 shares of the Company's Common Stock, has notified the Company of its intention to introduce the following proposal at the Annual Meeting. The proposal and the proponent's supporting statement, for which the Board of Directors and the Company accept no responsibility, appear below in italics.

THE BOARD OF DIRECTORS STRONGLY OPPOSES ADOPTION OF THE PROPOSAL AND ASKS STOCKHOLDERS TO REVIEW THE BOARD OF DIRECTORS' RESPONSE, WHICH FOLLOWS THE PROPOSAL AND THE PROPONENT'S SUPPORTING STATEMENT.

"Director Election Majority Vote Standard Proposal"

***Resolved:** That the shareholders of Mack-Cali Realty Corporation ("Company") hereby request that the Board of Directors initiate the appropriate process to amend the Company's governance documents (charter or bylaws) to provide that director nominees shall be elected by the affirmative vote of the majority of votes cast at an annual meeting of shareholders.*

***Supporting Statement:** Our Company is incorporated in Maryland. Among other issues, Maryland corporate law addresses the issue of the level of voting support necessary for a specific action, such as the election of corporate directors. Maryland law provides that unless a company's charter or bylaws provide otherwise, a plurality of all the votes cast at a meeting at which a quorum is present is sufficient to elect a director. (Maryland Corporate Statutes, Section 2-404(d) Election and tenure of directors).*

Our Company presently uses the plurality vote standard to elect directors. This proposal requests that the Board initiate a change in the Company's director election vote standard to provide that nominees for the board of directors must receive a majority of the vote cast in order to be elected or re-elected to the Board.

We believe that a majority vote standard in director elections would give shareholders a meaningful role in the director election process. Under the Company's current standard, a nominee in a director election can be elected with as little as a single affirmative vote, even if a substantial majority of the votes cast are "withheld" from that nominee. The majority vote standard would require that a director receive a majority of the vote cast in order to be elected to the Board.

The majority vote proposal received high levels of support last year, winning majority support at our Company, Advanced Micro Devices, Freeport McMoRan, Marathon Oil, Marsh & McLennan, Office Depot, Raytheon, and others. Leading proxy advisory firms recommended voting in favor of the proposal.

Some companies have adopted board governance policies requiring director nominees that fail to receive majority support from shareholders to tender their resignations to the board. We believe that these policies are inadequate for they are based on continued use of the plurality standard and would allow director nominees to be elected despite only minimal shareholder support. We contend that changing the legal standard to a majority vote is a superior solution that merits shareholder support.

Our proposal is not intended to limit the judgment of the Board in crafting the requested governance change. For instance, the Board should address the status of incumbent director nominees who fail to receive a majority vote under a majority vote standard and whether a plurality vote standard may be appropriate in director elections when the number of director nominees exceeds the available board seats.

We urge your support for this important director election reform."

Mack-Cali Realty Corporation's Response to Shareholder Proposal

Your Board of Directors believes that the proposal submitted by the proponent is not in your best interest as a stockholder of the Company for the reasons set forth below. We recommend that you vote AGAINST the proposal.

37

Your Board of Directors Has Already Responded to the Proponent's Proposal by Implementing a Well-Recognized Majority Vote Alternative

As stockholders may recall, the proponent submitted the same majority vote proposal last year. The proponent's position is that the Company's directors should be elected by a majority of the votes cast rather than by a plurality of the votes cast. Following stockholder support of the proposal last year, the Nominating and Corporate Governance Committee, with the assistance of corporate governance specialists, reviewed the Company's director election process to determine what form of election process would be most beneficial to stockholders and the Company. The Nominating and Corporate Governance Committee considered the advantages and disadvantages of the pure majority vote standard as proposed by the proponent and various majority vote alternatives that have been adopted by many large corporations, including Pfizer Inc. and The Walt Disney Company. These majority vote alternatives generally take the form of director resignation policies which require directors who receive more "withhold" votes than "for" votes to submit their resignation for consideration by the board of directors or a committee. After extensive review, the Nominating and Corporate Governance Committee concluded that the combination of a plurality vote standard and a director resignation policy would increase director accountability to stockholders more than a pure majority vote standard. As a result, in September 2005, upon recommendation by the Nominating and Corporate Governance Committee, your Board of Directors adopted a majority vote alternative by revising its Corporate Governance Principles to include a director resignation policy. As more guidance has emerged regarding the majority vote alternative, in March 2006, your Board of Directors further revised its policy to conform to published best practices.

Under the Company's new policy, directors are elected by a plurality of the votes cast at a meeting of stockholders in accordance with the laws of the State of Maryland, but if a director receives more "withhold" votes than "for" votes, the director must tender his or her resignation for consideration by the Company's Nominating and Corporate Governance Committee. A final determination regarding the director's resignation must be made by the Nominating and Corporate Governance Committee within ninety (90) days from the date of the stockholder vote. The Nominating and Corporate Governance Committee will then promptly evaluate all relevant factors relating to the election results, including, but not limited to: (i) the underlying reasons why a majority of affirmative votes was not received (if ascertainable), (ii) the director's background, experience and qualifications, (iii) the director's length of service on the Board and contributions to the Company, and (iv) whether the director's service on the Board is consistent with applicable regulatory requirements, listing standards, the Company's Corporate Governance Principles and the corporate governance guidelines of

independent advisory firms such as Institutional Shareholder Services, one of the nation's leading independent voting advisory services ("ISS").

As discussed below, this policy:

- conforms to the "meaningful alternative" to majority voting model suggested by ISS; and
- is the same as or substantially similar to the director election process followed by many large corporations, including, without limitation, Pfizer Inc., The Walt Disney Company, General Electric and Aetna.

In November 2005, ISS stated that it may recommend a vote against a shareholder proposal relating to the adoption of a majority vote standard if the target company has already adopted formal governance principles that present a "meaningful alternative" to the majority voting standard. Your Board of Directors has conformed its policy to the "meaningful alternative" suggested by ISS by incorporating the following elements into its director resignation policy:

- (i) the requirement that the director election and director resignation policies be disclosed annually in the Company's proxy statement (this disclosure is included in the section of this proxy statement entitled "Policies Relating to the Election of Directors");

38

-
- (ii) the requirement that all final decisions with respect to the resignation of a director who has received more "withhold" votes than "for" votes must be made within ninety (90) days from the date of the stockholder vote by the Nominating and Corporate Governance Committee, a committee fully comprised of independent directors;
 - (iii) a range of remedies that can be considered with respect to such director based on the facts and circumstances, such as acceptance of the resignation or conditional rejection of the resignation and retaining the director in office only if the underlying causes of the withheld votes can be promptly and completely cured; and
 - (iv) the requirement that the final decision and an explanation of how that decision was reached be promptly disclosed in a periodic or current report filed with the Securities and Exchange Commission.

A Director Resignation Policy is More Effective than the Majority Vote Standard

Your Board of Directors believes that a majority vote standard would increase the likelihood of a failed election without giving stockholders greater input into the election of directors. If the proposal is adopted, director nominees would need to obtain a majority of the votes cast in order to become (or remain) directors, a much higher standard than the current plurality vote. Even if one or more incumbent director candidates fail to receive a majority of the votes cast, the incumbent director would nevertheless remain in office, or become a "holdover" director, because, under Maryland law and the Company's charter and bylaws, a director remains in office until his or her successor is elected and qualified. Even if the Board of Directors could vote to remove the incumbent director, neither Maryland law, the Company's governance documents nor the proponent's proposal would require the Board of Directors to do so. Incumbent directors who "lose" an election under the majority vote standard may therefore continue serving on the Board of Directors, a result which your Board of Directors believes would not effectuate the will of the stockholders.

Unlike the proposal, your Board of Directors believes that the Company's new director election policy is more responsive to the will of the stockholders because an incumbent director who receives more "withhold" votes than "for" votes will only be permitted to continue on the Board of Directors for a maximum of ninety days after the stockholder vote, unless the Nominating and Corporate Governance Committee determines that it is in the best interests of the Company and its stockholders for such director to remain on the Board of Directors. It is important to note that all members of the Nominating and Corporate Governance Committee are independent and will be required to determine whether or not to accept such director's resignation consistent with their fiduciary duties to stockholders. This means that, unlike a pure plurality vote standard, a "withhold" vote is no longer a wasted vote—stockholders can now effectively use the "withhold" vote to voice their discontent about an incumbent director and prompt the Nominating and Corporate Governance Committee to accept his or her mandatory resignation. As a result, your Board of Directors believes that directors will be more accountable to the Company's stockholders.

For these reasons, your Board of Directors believes that this proposal is not in the best interests of the Company's stockholders.

Vote Required and Board of Director's Recommendation

Assuming a quorum is present, the affirmative vote of a majority of the votes cast on this proposal at the Annual Meeting is required for approval of this Proposal No. 3. Abstentions and broker non-votes will have no effect on the outcome of this proposal.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE AGAINST THE SHAREHOLDER PROPOSAL.
